Yahoo Group Archive: LZRT

Yahoo Group summary: Bulgarian LZ Round Table

These Yahoo Groups messages were archived in WARC format by ArchiveTeam in 2016. This PDF was generated by Digital Library of Amateur Radio & Communications from the WARC files in 2026.

Date span: 1999-03-11 through 2012-03-20

Source WARC: lzrt.lkjc82E.warc.gz

Source item: https://archive.org/details/yahoo-groups-2016-12-20T04-08-24Z-0d77f3

Messages included in this PDF: 1024

Yahoo replaced the domain portions of email addresses with @... in the archived messages. Characters lost in Yahoo's archived text appear as ?.

Messages are presented in ascending Yahoo message-ID order. Gaps indicate records absent from the source WARC or messages omitted from this PDF as spam.

37. Re: {LZRoundTable} IARU contest

Yahoo group: LZRT
Date: 2001-07-16 17:44:27 UTC
From: Valeri Stefanov
Topic: 36 Message: 37

Po predvaritelni neprovereni danni resultata za LZ75A e :

1.8mc - CW/SSB 240 QSO (LZ1UQ,LZ2CJ,LZ2FV,LZ2HM)
3.5 mc CW 350 QSO (LZ2JE)
SSB 150 QSO (LZ4UU)
7mc CW 500 QSO (LZ1QZ)
SSB nema koj
14mc CW ??? (LZ2AU)
SSB 800 QSO (LZ3YY)
21mc CW 1105 QSO (LZ2PL)
SSB ??? (LZ1NK)
28mc CW 720 QSO (LZ1UQ, LZ2FV,LZ2CJ,LZ2HM)
SSB 400 QSO (LZ2DB)

Ako se prieme ce na 21 i 14 sa napraveni pone po 900 QSOs ot
LZ2AU i LZ1NK , to rezultata na LZ75A daze pri tazi absolyutno neseriozna
organizacija po red pricini nyama da e cak tolkova losh pone kato broj QSOs.
Condx na 10m beshe mnogo losh i glavnata rabota e bila na 14 i 21mc plyus 24
otvoren 7 mhz. Lipsata na operator na 7 mc SSB namalyava rezultata pone sas
700 QSOs.
Pri tezi obstoyatelstva 6 000 QSOs prevrashtat zagubata ni v pobeda :-))))
ako se ima predvid ce DA0HQ minalata godina sa imali okolo 11 000 QSOs
:-))).

Sasho,

Otivash na www.contesting.com , svalyash stranicata malko nadolu i clickvash vlyavo na 3830 reflectora. V archiva za July namirash messidga na DA0HQ i naglasyash neshtata kakto gi vizdash tam shto se otnasya do summarito sas broj vrazki obhvati i procee.

Vrazkite v Cabrillo sa taka. Mnozitelite sa po obhvati i se sabirat obshto za da ti dadat totala na mnozitelya. Zelatelno e da si izcislish ti resultata a ne organizatorite da go pravyat.

Logs za 10m CW i 160m shte ti badat prateni drugata sedmica po e mail.

Sasho,

Kato dopalnenije mozesh da otidesh na :

http://www.arrl.org/contests/announcements/rules-iaru.html

Tam sa palnite uslovija na testa.

Mnogitelite ze zacitat za dadenija obhvat ,no ne i za vid rabota.
T.e. tryabva da proverish koi se povtaryat na CW i SSB i da gi broish samo
edin pat za band 20m naprimer.

Loga tryabva da vklyucva QSOtata po hronologicen red kakto sa napraveni bez
da sa razdeleni po obhvati ili vid rabota.

BAHRI KACAN, TA2BK (SILENT KEY)
Turkish radio amateurs lost one of their most important member (Bahri KACAN,
TA2BK) tonight. He passed away because of heart attack. He had given the
biggest support for the development of HAM RADIO in TURKEY.
We will miss him.
Nilay Mine AYDOGMUS (TA3YJ) & Berkin AYDOGMUS (TA3J)

>Subject: Please post on the DX reflector(s)
>
>
>Re: 9K2USA
>Dt: Sept 16th, 2001
>
>Effective Sept 15th 2001, the Kuwait Amateur Radio Society (KARS), in
conjunction with the Kuwait Ministry of Communications, has authorized the
use of the callsign 9K2USA. All Radio Amateurs of Kuwait will be using this
single callsign. NINE KILO TWO UNITED STATES of AMERICA will be heard on
all bands, all modes being used by all Kuwait Amateurs simultaneously.
>
>As a small token of the sympathy and support for the people of the United
States from the citizens of Kuwait, and as an expression of deep condolence,
the callsign will be used until the end of September.
>
>For the past few days many people have asked me to comment on the feeling
and mood in Kuwait. People ask after my safety, and express concern for me
being here in the Middle East.
>It is hard for me to describe the genuine outpouring of concern, sympathy
and support that is shown to me; not only by Kuwaitis, but people of all
Asian nationalities. People stop me in the street and ask "Are you an
American? I just wanted to tell you how sorry I am ..". At the gas station
yesterday, I had to argue with the cashier to take my money (after he heard
my accent) -- Now that would be nice if it happened at home. Kuwaiti
friends and colleagues in the Kuwait Army call me twice a day (and visit me
once a day) to check that my wife and I are safe, and that we have all the
comforts we need. In a rather unnerving event two days ago, a car pulled me
over on the freeway. The driver (a Kuwaiti who spoke impeccable English)
came over to my car and asked "Are you American? I just wanted to express

my horror .."
>
>Am I safe? You bet. The Kuwaitis will make sure of it. Having a couple of aircraft carriers, and squadrons of fighter jets, and many thousands of US troops close by helps too!
>
>The Kuwait Amateur Radio Society (KARS) will be doing the QSL chores. They will put together a common database, and all QSLs will be via 9K2RA. The e-mail address for KARS is 9K2RA@.... May I suggest that an e-mail to them expressing your personal feeling (good or bad) may be appropriate.
>
>9K2USA is not 'my' callsign. This callsign is for all people of the United States of America, and those of all nationalities who have been affected (directly or indirectly) by the tragic events of this past Tuesday. I will not be posting my 9K2USA QSOs on-line as I do with my other 'personal' callsigns.
>
>The actual QSL card to be used for 9K2USA will be chosen by the Kuwait Amateur Radio Society. However, I will post my personal 9K2USA card on my website within the next 24 hours. This is a blank QSL card, and can be copied from www.k4cy.com (just click on the 9K2USA link). While the artwork and/or text is not original, I believe it appropriately reflects the situation.
>
>My personal condolences and best wishes to all,
>Salaam Aleikum,
>Bob, K4CY/9K2ZZ
>

114. Dnes e SSB EU Sprint Contest

Yahoo group: LZRT
Date: 2001-10-06 13:34:40 UTC
From: Boytcho Hadshiyski
Topic: 114 Message: 114

EU Sprint 2001

The EU Sprint Gang hereby invites you to participate in the four European Sprint Contests held in 2001.

In 1994 the EU Sprint Gang (I2UIY, OK2FD, DL6RAI, and G4BUO) organized the first European Sprint contests. For 2001 there have been some rule changes, introducing an awards programme and bringing the Spring Sprints forward in the calendar. You can find past scores and other information about the sprints by visiting the official EU Sprint web site at this address: http://loja.kkn.net/~i2uiy/

The BIG news is that now we will award a certificate to the winners in each country but this is not all. Three nice plaques will be awarded for the top three scores from all four contests combined. Therefore, please red circle the four EU Sprint saturdays on your calendar, we will be looking for you starting April 14!

ENTRANTS:
Any licensed station may enter the Sprint. European stations can work everybody; stations outside of Europe can work only European stations.

CATEGORIES:
Single Operator ONLY. Only ONE signal may be aired at one time.

DATES:

EU SPRINT Spring:
SSB: Second Saturday in April - 14 April 2001
- managed by G4BUO. NEW 2001!
CW: Third Saturday in April - 21 April 2001
- managed by B.C.C. NEW 2001!

EU SPRINT Autumn:
SSB: First Saturday in October - 6 October 2001
- managed by I2UIY.
CW: Second Saturday in October - 13 October 2001
- managed by OK2FD.

TIME:
From 1500 UTC until 1859 UTC

BANDS:
20, 40 and 80 meters only.

Pilot frequencies are:
SSB: 14.250, 7.050, 3.730.
CW: 14.040, 7.025, 3.550.

EXCHANGE:
All of the following data MUST BE PART OF THE
EXCHANGE:

- your callsign
- the other station?s callsign
- your serial number starting from 001 (RST not
required)
- your name or nickname

Please note that BOTH stations MUST repeat BOTH
callsigns DURING the
exchange.

A valid exchange is: "OK2FD de I2UIY 118 Paolo"
while "OK2FD 118 Paolo" is NOT a valid exchange.

SPECIAL QSY RULE:
If any station initiates a call (by sending CQ,
QRZ?, etc.), he is
permitted to work ONLY one station on the same
frequency. He must
thereafter move AT LEAST 2 (two) kHz before he may
call another
station or before he may solicit again (CQ, QRZ?,
etc.) other calls.

VALID CONTACTS:
Valid contacts are QSOs correctly logged and
confirmed.

Each operator may use ONE and ONLY one name during
the Sprint.

If the exchange is copied incorrectly, that operator
will receive
zero (0) points. In case of miscopied callsigns,
both stations will

receive zero (0) points for that QSO.

SCORING:
Each valid QSO counts one 1 (one) point.

The final score is the total number of QSOs.

AWARDS:
Colorful certificates will be issued to the winners of each Sprint,
and to the leaders in each country.

A special plaque will also be awarded for the top three scores from
all four contests combined. To be eligible for this award an operator
must enter at least three of the Sprints in the year.

Results will be forwarded as soon as possible to Leagues, magazines
and bulletins.

LOGS:
A single chronological log is required. Please send us your log via
email or on a floppy disk, if you use computer for logging. Use any
of the available software or send a plain ASCII file. A separate
summary sheet is also required.

Please send us the right files:
for DL2NBU software, send yourcall.ASC;
for N6TR software, send yourcall.DAT;
for IK4EWK software, send yourcall.DBF;
for EI5DI?s software, send yourcall.LOG.

If you want the latest release of the DL2NBU software, you can
download it from the EU Sprint web site:

http://loja.kkn.net/~i2uiy/free_sw.html

Zdrawej!
Az s'm Andrej W'ngew ot Sofija.
Imam takawa shema, imam i samite tranzistori (4 brojki), i s'm zaplanuwal da si naprawja aktiwna ramkowa antena s
tjah. Ima smis'l, oba4e, predimno KP312A - pri KP312Á maj-maj njama mnogo goljam smis'l...
Ima i neshto drugo - oswen 4e sa s mnogo nis'k shum, izglezhda 4e imat i lineariziraná prohodna harakteristika -
kakto ako se s'di po sprawo4nika, taka i po towa rusnatzite k'de sa gi izpolzwuwali w shemata - na takiwa mesta
obiknoweno slagat KP905...
Ke pot'rsja shemata, dano da mi stigne dneska wremeto da ja izrowja, 4e taja godina s'm dr'pnal mozhe bi nad 300
Mb shemi i pro4ee... Ako dneska ne ti pratja shemata, molja te da mi napomnish utre - i na rabotata imam razni
neshta... I oswen towa s'm sreshtal i drugi shemi s KP312 - w smis'l ne samo w toja M4U...
Ima edno s'wetsko
"Radio" (maj ot 1986), k'deto trjabwa da dawat towa, ama az go njamam...
Ti da si sreshtal neshto s KP601?
KP312A sa mi mnogo interesni, taka 4e ako nabarash oshte neshto pishi?
Pozdrawi!
Andrej

P.S. Izprashtam neshto, no njamam wreme da go gledam sega... Molja te da me izwinish za nebrezhnostta, no
imam rabota w momenta...

?? ????? ? ???? ?? ?????????? QSL ?????, ??????
???????? ?? IARU ??????, ?? ??? ?? ?? ???????? ?? ???
??????? ????????.

73 YU8/LZ1BJ

CODE OF PRACTICE FOR QSL MANAGEMENT

1. Any DX station appointing a QSL Manager must ensure that satisfactory arrangements are in place for receiving and responding to incoming bureau as well as direct cards. Adequate publicity must be given to such arrangements.

2. QSL Managers must respond to incoming SWL cards.

3. Any DX station appointing a QSL Manager must accept responsibility for that Manager's performance.

4. QSL Managers must respond "direct" and within a reasonable period of time if sufficient funds/IRCs/stamps to cover the exact cost of return postage and a return envelope are enclosed with the request. Airmail must be used if sufficient funds/IRCs/stamps are enclosed.

5. QSL Managers must not insist on separate envelopes/applications for different QSOs or different stations. They must establish internal procedures to handle such multiple requests.

6. Recognising that mistakes of time and/or date are frequently made, QSL Managers must make a reasonably diligent search for QSOs that cannot immediately be found in the log.

7. In particular: It is unacceptable to demand a specific number of IRCs or "green stamps" (US$ bills) if a smaller number would cover the costs mentioned in Point 4.

It is unacceptable to return cards via the bureau if they were received direct with sufficient

funds/IRCs/stamps as defined in Point 4.

8. There should be no time limit for applying for QSL cards. Old logbooks should be passed to responsible DX clubs when the manager no longer wishes to retain them

It is Recommended that this paper be published in the HF Manual and Region 1 News.

Subject: {LZRoundTable} платили за QSL bureau

Здравейте,
тези дни актуализирах за БФРЛ списъка на членовете и данните за членски внос и ползуване на бюрото. Използувах това, че разполагам с най-последната информация, и направих извадка на тези които са платили за 2000 и/или 2001 година. Оказаха се 588 инициала от около 1380, или около 43%. И това както казвам е за хора платили за поне една от последните две години. Ако взема само платилите за 2001 г. процентът се оказва около 28% (391 инициала). Дотук цитирам брой изрядни платци, а колко от тях са активни оператори и реално ползуват бюрото, това е тема на друг разговор.
Тия дни ще оформя тази извадка и ще я публикувам в интернет

15.12.2002 0600 - 1000UTC LZAC V/U/SHF 50-1296MHz&UP

LZAC VHF/UHF/SHF LZ Activity Contest
every month
Date:
3 rd Sunday in the month

Time :
January to March Starts at 0600 UTC Ends at 1000 UTC
April to October Starts at 0500 UTC Ends at 0900 UTC
November to December Starts at 0600 UTC Ends at 1000 UTC

Eligible entrants :
All operation in accordance with IARU Region 1 bandplan. Logs must contain
contacts with at least two different locator squares e.g. (JO55, JO66). etc,
or at least three different stations in same locator square,from the LZ
land. Any stations outside the LZ land can be worked, and will also count.
No contacts via active repeaters or EME are allowed.
Classes:

1.Single Operator

1.1 SO 6m
1.2 SO 2m
1.3 SO 70cm
1.4 SO 23cm&UP

2. Multi Operators

2.1 MO 6m
2.2 MO 2m
2.3 MO 70cm
2.4 MO 23cm&UP

You are allowed to choose yourself the category. If you wish you can take part in all classes, but then seperated logs for each class are necessary!

Reports:
RS(T) and Locator, e.g. 549 JO55CE. No QSO no. is required.

Points:
50 MHZ 2 point / km
144 MHZ 1 point / km
432 MHZ 2 point / km
1296&UPMHZ 4 point / km

Multiplier:
SQR Locator KN11,KN12 & etc.

Scoring:
The final score is the result of the (Total QSO points) multiplied by (Total multiplier) by band for 9 of 12 parts of the contest activity.

Awards:
Certificates will be awarded to the top scorers in each class by DX country. Runners-up with high scores over 100,000 may also receive certificates. Low power or QRP entries may also receive certificates if there is sufficient activity or the score is outstanding

Logs :
Standard A4, Region 1, with the following columns:
- date
- time in UTC
- callsign of the station worked
- report sent
- report received
- Locator received
- number of points claimed

Summary sheets is required, containing:
Own call, name, address, section, own locator, number of QSOs, number of SQRs and total points. Please also note the best ODX wkd, station and locator. Alternatively, electronic logs (EDI) can be used, but, shall comply with either the LZ or REG1TEST format.

Results Logs must be received no later than two weeks after the contest at the LZ VHF-contest manager:

Andrey Sachkov, LZ2HM
p.o.box 40 or George Benkovski str. 6A
5370 Dryanovo

BULGARIA EU

The log can also be submitted electronically, in the REG1TEST formats.
e-mail; andy@...

?The day of radio? 2002
LZDX V/U/SHF Contest 2002
LZDX FD V/U/SHF Contest 2002
(RULES IARU REGION 1 CONTEST)
1. Eligible entrants
All radio amateurs in Region 1 who are authorized to use 50 MHz can participate in the contest. Multiple operator entries will be accepted, provided only one callsign is used during the contest. The contestants must operate within the letter and spirit of the contest and at no greater power than permitted in the ordinary licences of their country. Stations operating under special high power licences do so "hors concours" and cannot be placed in the contest proper.

2. Contest sections
The contest will comprise the following sections :
i. Stations operated by a single operator, with no assistance during the contest, using privately owned equipment and antennas and operating from any location.
ii. All other entrants
No more than one transmitter may be in use at any one time on the band.
A participating station must operate from the same location throughout the event.
3. Date of contest

4. Duration of contest
The contest will commence at 1400 hours UTC on the Saturday and will end at 1400 hours UTC on the Sunday.
5. Contacts
Each station can be worked only once, whether it is fixed, portable or mobile. If a station is worked again during the same contest, only one contact will count for points, but any duplicate contacts should be logged without claim for points and clearly marked as duplicates.
Contacts made via active repeaters do not count for points. Any telephony contacts made with stations transmitting in the telegraphy sub-band shall not count for points.
6. Type of emission
Contacts may be made in A1A, R3A, A3E or F3E(G3E).
7. Contest exchanges
Code numbers exchanged during each contact shall consist of the RS or RST report, followed by a serial number commencing with 001 for the first contact and increasing by one for each successive contact. This exchange must immediately be followed by the complete (6 character) or shortened (4 character) Locator of the sending station (examples : 59003 JO20DB or 579123

IN55).
8. Scoring
Points will be scored on the basis :
1. 50 MHz 1 point / km
2. 144 MHz 1 point / km
3. 432 MHz 2 point / km
4. 1.3 GHz 4 point / km
5. 2.4 GHz 8 point / km
6. 5.6 GHz 12 point / km
7. 10 GHz 20 point / km
8. millimetre group 40 point / km
In case the 4-character Locator has been received, the distance calculated should be the shortest distance between the claiming station and the given Locator square.

The final claimed score must be shown on the top part of of the first sheet. In order to make contest scores comparable, for the conversion from degrees to kilometres a factor of 111.2 should be used when calculating distances with the aid of the spherical geometry equation (Noordwijkerhout, 1987).

9. Entries
The entries must be set out on log sheets fulfilling the requirements given under rule 12. Multi-operator stations shall be clearly marked as such. A copy of the logs must be sent to the national VHF Manager or the national Contest Committee postmarked not later than the second Monday following the contest weekend. Late entries will not be accepted. The submission of the logs implies that the entrant accepts the contest rules.
10. Judging of entries
The judging of the entries shall be the responsibility of the organising society, whose decision shall be final. Entrants deliberately contravening any of these rules or flagrantly disregarding the IARU Region 1 bandplans shall be disqualified. Minor errors may result in loss of points. Errors in the callsigns and code numbers will be penalized by deducting for both stations the following percentage of the score claimed for the pertaining contact :
1 error 25 %
2 errors 50 %
3 or more errors 100 %
The claimed contact will be disqualified for an obviously wrongly stated Locator or a time error of more than 10 minutes.
Claiming points for a duplicate contact will be penalized by deducting ten times the number of points claimed for that duplicate contact from the score.
The contest entrants will not be penalized for the failure of non-entrants to comply with the rules.
11. Awards
The winner in each section will receive a certificate.
12. Logsheets
The logsheets for use in the IARU Region 1 contest shall have an upright format not smaller than A4 and shall show the following columns in the order named :

o date
o time in GMT
o callsign of the station worked
o report sent
o report received
o Locator received
o number of points claimed

A standard cover sheet, containing the essential information required to judge the contest entry and with separate space for the comments of the national Contest Manager should be used.

A sample contest cover sheet is shown in section IIIb, Appendix 1.

The log should show the signature of the first operator certifying the correctness of the log submitted.

Logsheets prepared by the national societies and satisfying the above minimum requirements may be used.

REMARKS

The following note is for the information of the participating societies. They may include them at their discretion in the rules published nationally.

Rule 9 The number of log copies to be submitted is left to the discretion of the national society, which may e.g. want a second copy for the judging of a simultaneously held national contest.

Привет на всички рефлекторчици! Хи-хи..

Първо, за адресника на лицензираните радиолюбители:

Саше, по въпроса на мъките ти с PDF - файла - той за да стигне до PDF, със сигурност е минал или през PM или през QP... а пък дотам най-вероятно е бил в някоя екселска таблица и текущо така се обработва.

Няма ли начин, не ми се вярва да няма радиолюбители, които да работят в пощата и да могат да вземат този файл... вместо да се надяваме на Интернет - това е вече последната възможност. За съжаление много рядко съм се интересувал кой къде и какво работи - приемам радиолюбителите като хора и приятели...

В този списък няма никаква конфиденциална информация, освен това самите те си го публикуват, така че не вярвам да имат нищо против да го предоставят за ползване от нашего брата радиолюбителя ;-§)))

Щото знам какви мъки те чакат или си изтърпял - и аз се мъчих да го конвертирам, версията ми на PDF-риидъра позволява това, но не и за български език ;-§), пробвах с OCR програма, но е кортовска работа и се отказах, освен това се променя формата и почти наново трябва да се прави и т.н...

Ако трябва дори официално писмо да се изпрати до БТК, който е компетентен да извърши това официално, да ни предоставят (ако обичат ;-§))), разбира се) табличката във формат XLS или MDB (предполагам някой от тези е работните им формати) и да ни пращат примерно месечно или през няколко месеца само ъпдейтите - това също лесно могат да правят, като видят до кой номер лиценз са ни пратили предния път.

Няма нужда от дискети, две-три кликвания с мишката са все пак... и да го пращат на някого на адреса на електронната поща.

От такъв формат вече се наемам да го преобразувам в подходящ и изчистен от комерсиалните лицензи... XLS, MDB, DBF, DOC, HTML и дори текст (включително и с латински букви) - вече който какъвто му е удобен, да си го ползва със здраве ;-§))

Пък преобразувания вече като текст файл предполагам Митаци LZ3NY може лесно да го "импортва" в базата данни, която е онлайн постоянно и всеки да може да си прави справката бързо, без да е необходимо да тегли целия файл...

Просто трябва да се създаде една система и тя да работи... един човек е невъзможно да се справя с всичко - и ти, и аз, и Митаци, а и други, отдавна вече го знаем...

Второ, по въпроса за публикуване на адресите:

То тук донякъде "няма не искам, няма недей"... БТК си ги публикува всички лицензи и мисля, съвсем законно и дори задължително. Така че публикуването на само радиолюбителските адреси е по-скоро удобство за тези, които търсят радиолюбител, не примерно адреса на Радио "Браво", хе-хе... за него се сетих първо, не е скрита реклама...;-§))

Ако питат мен - тук разбира се е вече само който желае - хубаво е в нашия адресник да се публикуват и телефонни номера, ICQ-номера, e-mail-и...

Практиката показва от много време насам, че който повече си крие адреса и телефоните, толкова повече се намират хора, които да пробват, аджеба, що тоя човек е толкова потаен? ;-§))

Ето на личната ми страничка http://doc.dir.bg от доста години насам си ми стои цяла визитна картичка с всички данни по нея и нито един човек не се е намерли да злоупотребява с това - наистина са ме търсили по взета от там информация, но винаги е имало защо.

На мен почти ежедневно ми се случва или да речем седмично, най-вече от чуждестранни радиолюбители, да ме питат как да се свържат с еди-кой си радиолюбител (от Видин примерно), "ще идвам в България, а той ми е приятел и искам да се видим или поне чуем по телефона..." Може би щото адресът ми е на видно място и на http://www.bfra.org И сещате се какво следва - нали е радиолюбител човекът, не мога да го оставя без отговор - почва едно почти полицейско търсене ;-§))) щото обикновено тия данни ги няма никъде, писане на писма, електронна поща, търсене по телефон до съответния град, който обикновено не е София, допитване до съграждани и т.н... и разбира се, като намеря човека първо го питам може ли да дам на еди-кой си данните, щото пита за теб и чак тогава да му отговоря на чужденеца. Пък и български радиолюбители са ме питали как да се свържат с някой друг колега...

Ако пробвате някой път да намерите някого, който няма публикувани тия данни някъде, ще разберете за какво ви говоря, колко загуба на лично време и средства представлява това...

Време, което бих предпочел да използвам за дооправяне на страничката на БФРЛ... ;-§((А средствата - карай да върви, ама и аз деца храня, и то не малко...;-§)))

Затова така "пламенно" отговарям на тия въпроси...

Трето, по въпроса за размисъл относно адреси от вида inicial@.... bg.

По тоя въпрос си има решение благодарение основно на LZ3NY, просто всеки, който желае, трябва да го направи. Всеки желаещ може съвсем безплатно да си регистрира адрес от вида lz...@bfra.org - без значение дали е член на БФРЛ или не и без значение дали се намира в страната в момента или не. Стига да е лицензиран български радиолюбител.

Може да си чете пощата и изпраща съобщения както през WEB (ако е зад файъруол може и да няма друг начин), така и с някакъв мейл-агент - MS Outlook, Outlook Express, Eudora, Pegasus или каквото там му харесва на човека... Аз лично предпочитам MS Outlook 2002, щото той ми събира пощата от всички адреси на едно място, а с него си върша и доста други неща.

А скоро ще има и други екстри, които са още в етап на експериментиране.

Регистрацията става единствено през WEB на адрес http://mail.bfra.org и продължава съвсем кратко време, което се определя повече от скоростта на връзката ;-§)) отколкото от попълваните данни. Естествено трябва да се регистрирате с вашия инициал.

След това вече може да се изпращат и получават съобщения с някоя пощенска програма - мейл-агент, като данните, необходими ви за нея са следните:

Name: името, което ще се изписва при получателя на изпращаните от вас писма - желателно да е на латиница

E-Mail:<вашият_инициал>@bfra.org

POP3 сървер - mail.bfra.org

SMTP сървер - mail.bfra.org

Login:<вашият_инициал>@bfra.org (обърнете внимание - пълният адрес, не само инициала!!!)

Password: вашата парола

Важно е да зададете, че трябва да се логнете първо във входящия сървер, за да може да изпращате поща, това най-често е някъде из разширените опции на програмата и е текст от вида "Log on to Incoming Mail Server (POP3) Before Sending Mail", пред който трябва да се сложи чавка...;-§))

Това е направено с цел затрудняване на неоторизираното изпращане на спам и против хакерски атаки.

И четвърто, за най-издържливите, които са имали търпение да изчетат всичко това ;-§))): абе да знае някой защо може да получавам по два пъти всяко писмо? Разгледах сорсовете на писмата, да не би да съм се регистрирал в рефлектора с два мейла, но мисля, че и двата екземпляра си ги получавам на lz3ai@dir.bg... И са абсолютно идентични...

Не ми пречи, но е дразнещо все пак... пък и обичам като става нещо, да знам защо става...

73!

И не само че се чете, ами ми спести и писането... Ще черпя по бира в Казанлък примерно...;-§))

Само ще допълня, че нали точно за това са компютрите, да ни улесняват. Веднъж настроени, да няма проблеми с по-нататъшната работа. Наистина няма стандарт как да се изпращат писмата, но вече дори почнахме да забравяме МИК кодовата таблица, забелязва се, че вече 99% от писмата, които получавам (а те хич не са малко) са писани на Cyrilic Windows 1251. И макар че се опитвам да улеснявам хората, на които отговарям, с техният си енкодинг, все по рядко ми се налага.

Та наистина най-добре да ползваме наистина Cyrilic Windows 1251 и на изпращаната поща и никой няма да има проблеми.

(между другото на повечето мейл-клиенти, като открият от Windows, че сме в България, е зададено по подразбиране да слагат KOI8-R... Русия не е първоизточника на кирилица, че да се ориентират програмистите по нея (това е типично руски енкодинг). Все пак 24 май наближава! ;-§))) Украйна вече празнува 24 май, ще почнат и други да се съобразяват с нас, ако успеят да ни намерят на картата...;-§)))

Та въпросът е да си четем писмата още с отварянето, не с допълнителни движения... нали по правило това радиолюбителите сме мързелив народ ;-§) Елементарна настройка, която спестява допълнителните усилия на всичките ни кореспонденти.

А то може би и да ми пратите формат LaTex за Unix SCO пак да кажа "чете се без проблеми", ама си трябва да се положат усилия.

Между другото, има една чудесна програмка - има я на много места, но ако не ви се търси, мога и да ви я изпратя при желание - Щирлиц се казва. С нейна помощ могат да се четат какви ли не текстове, ако някой се заинати и продължава да ви праща нечитаеми писма.

Аре, че се отплеснах!
Хубав ден ви желая и за да бъде съвсем радиолюбителско писмото
73!

Хари, не че се заяждам, ама и ти си в нарушение на правилника за кирилицата...

Сашо е написал изрично:
>
>4. Препоръчва се на участниците в рефлектора:
>а) да използват кодиране "Windows-1251" при писане на кирилица;
>

Виж майла на Калин, JA/LZ2SAF за подробности...

За да прочета твоя емаил, като и този на LZ5CY, както и на Бойчо (освен когато 1BJ изпраща HTML mail), трябва от Oulook Express ръчно да избера View->Encoding->Cyrillic(Windows). При други email clients сигурно става по друг начин..

Това не е голям проблем, поне за мен. Забелязал съм, че всички писма писани на кирилица и изпратени от mail.yahoo.com не с smtp client а директно от WEB страницата им се получават с този грешен charset. Това е нормално, освен ако от Yahoo не правят тънки сметки за regional settings на всеки клиент и не му прещракват автоматично charset-а. Не знам, може и да го правят в платената версия, ама моята дебитна карта не я щат там (не че съм пробвал де..)

73 de Krassi, LZ4KK

Ауууууу,,,,,

Пак се пише извън темата!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Време е да се сложи ред в този рефлектор:)))))))

Hi,

Да се види, че съм жив де.... Сашо, TNX за информацията. Винаги съм мислел, че такива alerts са полезни, особено за нас дето не четем специализирани рефлектори.

Относно кирилската проба на LZ5CY, при мен се чете перфектно. Кашнато е само заглавието, но мисля, че се получава някъде из път. (Винаги е било проблем.) Иначе самото писмо отдавна не е проблем да е на кирилица. Само software на всички трябва да се настрои правилно. Имам претенции при мен да е сторено, затова, който не чете това писмо да си пипне настроиките. Koito ne chete towa pismo da si pipne nastroikite. И като го прочете, да не ги пипа до края на живота си !!!

Използвам случая да попитам дали някой не продава късовълнов радиоприемник. Трябва да има HAM bands и да е възможно по-малък на габарити. Може и лампов.

И аз доколкото знам, Кирил и Методий са създали "глаголицата" (е те
такива шрифтове на компютъра наистина нямам, но знам какво
представляват...). Кирилицата е създадена от техният ученик Климент
Охридски.

Ще е интересно някой ако знае точно какво е положението и исторически
вярно, да разкаже.

Все пак българи сме и аз лично съм страшно против желанието на някои
хора, при това на високо ниво, да прокарат идеята да пишем български
език на латиница...

Subject: Re: {LZRoundTable} spec cals

Описанието на делото на св.св. Кирил и Методий е на перфектен английски
език
!
Но не е съвсем точно. Главната им заслуга не е азбуката -
тя не се използва вече от 1000 години.
Сегашната (кирилица) не е тяхна.
Главната им заслуга е, че са превели библията и други богослужебни книги
на славянски език.
А на немски език например тя е преведена от Лутер чак през 16 век (май)
!!
Водим им на немците по християнизация със 7 века, какво ни се правят на
цивилизовани :)

И разбира се са създали първия литературен славянски език.

И ний сме дали нещо на света !

Стилиян,
LZ3BY

Нещо, което Лутер в Германия например прави чак през 16 век !

344. sxwet za dipol ?

Yahoo group: LZRT
Date: 2002-05-14 14:11:03 UTC
From: Stiliyan Stankow
Topic: 344 Message: 344

Zdrawejte,

Tozi pxt wxprosxt e seriozen (e, ne kolkoto wirusite, no zatowa pxk e po
temata).

Trqbwa mi da si naprawq antena, koqto da priema dwa signala - ediniqt
1.2 GHz, drugiqt 1.5 GHz, t.e da pokriwa tozi diapazon ot chestoti.
Whodnoto sxprotiwlenie da bxde 50 oma, nesimetrichen izhod,
da bxde maksimalno NEnasochena.
Polqrizaciqta na signalite e dqsna krxgowa, no towa ne e ot znachenie,
antenata move da bxde i linejno polqrizirana - wert. ili horizontalno.
Zagubata ot razlika w polqrizaciqta e ponosima.

Sigurno weche ste poznali - za priemane na GPS signali e.
Priemnik imam, a antenite sa dosta skxpi.

Mislq, che naj-dobre ste bxde horizontalen peperudoobrazen dipol pred
otravatel
ili antena s elementi wxw wid na shajbi.
BTW takiwa sa originalnite anteni - keramichna plochka 50x50x7 mm
ot dwete strani sa naneseni dwe pokritiq i towa e.
No mi se struwa neoptimalna.

Move li nqkoj da mi kave kak se smqtat poslednite dwe anteni ?
Kak da se smetne koeficienta na skxsqwane i xgxla na raztwora na dipola ?
A pxk za shojbowidnite elementi wxobste nisto ne sxm chel kak se smqta.
Po starite werni knigi nisto ne namerih. Move bi nesto w internet ?
Dave ne znam kak se kazwat na anglijski tezi anteni, ta da gi potxrsq.

Za nastrojkata - uredi za 1.5 GHz nqmam, no chrez programa moga da izmerwam
sxotnoshenieto S/N koeto dawa wsqka wkl`chena antena. Chrez eksperimenti
moga da podbera
naj-dobrata konfiguraciq.
Za GPS priemaneto S/N e wavno, a ne usilwaneto ili KSW.

Subject: BULGARIAN LIGHTHOUSE VISIT

Hi ,
would you be so kind as to circulate the following information around the LZ Amateurs please??

I will be visiting the Lighthouses of Bulgaria from the 28th September and would appreciate any help from local Amateurs.

Also if any local club addresses and days of meeting could be supplied for Varna or Burgas, I shall be staying in the Golden Sands area but will have transport for the full duration of my visit.

I would like to operate from all Lighthouses if possible.

ANY HELP APPRECIATED

Vy 73 es Hp C U Sn!

426. FW: PODXS DPX Contest

Yahoo group: LZRT
Date: 2002-09-26 23:52:51 UTC
From: Tony Ivanoff
Topic: 426 Message: 426

December 14

The PODXS DPX (digital prefix) Contest, sponsored by the Penn-Ohio DX Society (PODXS); 0000z thru 2400z, December 14, 2002; Digital modes only (see rules web page below for details); Bands 160 thru 6 meters (no WARC bands); Work stations once per band/mode. Exchange - name, prefix and 070 Club member number (non-members send SPC); Mode categories - PSK, MFSK, RTTY, Hell, Throb, Packet, Multimode and SWL; Power multipliers (all powers max output) - High (100w max) x1, Low (40w max) x2, QRP (5w max) x3; Final score is (Total QSO's per band) * (Total different prefixes worked) * Power Multiplier; Count prefixes once only. To be valid, scores must be received via our online score submission form found at http://podxs.com/html/DPX_online_score.html or e-mail Logs to wm2u@... by the last entry date 13th January 2003. Logs must be available for review if requested. Please read web rules for details on http://www.qsl.net/wm2u/070_dpx.html or http://www.podxs.com. Info e-mail to Jay, n3dqu@... or Ernie, wm2u@....

Into PSK31 mode? The PODXS 070 Club is offering free membership for any DPX Contest participant who submits a valid entry showing contacts made with 50 different PSK31 stations. For more info on this offer and the 070 Club check out the DPX Contest site at <
http://www.qsl.net/wm2u/070_dpx.html >.

Greetings from the Penn-Ohio DX Society!

We are pleased to inform you that the first PODXS DPX (Digital Prefix) Contest will be held this year on the 14th December 2002. Please find attached press release of the event. Hopefully we have not left this announcement too late for you to include it in your contest/publication medium.

The Penn-Ohio DX Society (PODXS) and its members would like to thank you in advance for your help in promoting this event.

Subject: IPHG

<mhtml:mid://00000021/!http://www.malpensa.it/iphg/images/logochem.gif>
INTERNATIONAL PHARMACISTS HAM GROUP
<http://www.malpensa.it/iphg/index/>
<http://www.malpensa.it/iphg/index.htm> www.malpensa.it/iphg/index.htm

On March 18th, 2002 the I.P.H.G. has been constituted to unite HAM Pharmacists, to promote radio-initiatives, to establish friendship and to help the people who needs any possible aid the Group can provide. The Group is apolitical and does not recognize any difference of race and religion among its members.

Membership:

The Membership is free and open to all those that are both Pharmacists and Radioamateurs over the world.

At the moment 69 Members in 16 Countries.

I.P.H.G. Story:

The I.P.H.G. results from an idea of Andrea Pagliula, IZ7ECB and Pier Luigi Anzini, IK2UVR. Andrea, in earl days of March 2002, made a search on internet inserting the key-word "Pharmacist". The search gave him many call-signs of OM's Pharmacists. Andrea sent them all an e-mail with the intempt to make a Web Site where to list all HAM Pharmacists over the world. He got many e-mails in return, in one of them Pier Luigi told him it would have been nice to create a Ham Group open to all Pharmacists over the world and he was disposed to create a proper Web Site. After some trials, the Web Site was built, with a proper logo, a forum, and a page for each member. Recently the Site has moved on a new and stronger server. The original members were about 20, and many other still are joining the Group, from all the continents.

We would like to inform your members about I.P.H.G. by an article on your journal and by your links.

Looking forward to receive your news, I wish you best regards.

o KL7Y - SK - A very sad bit of news this week. Dan Robbins, KL7Y, was killed in a motorcycle accident after operating at KH7R in the CQ WW SSB contest just the previous weekend. All of us considered Dan one of the most dependable, solid contesters with his big multi-multi station providing an all-band beacon from Zone 1. By all accounts, Dan was a helluva guy and will be missed greatly by his friends and the contest community worldwide. If you'd like to send your condolences and sympathies, aim them at Joe, WL7E at wl7e@....

Tova sa uslovijata predlozeni na hams ot drugi strani za obsazdane i dopalnenija.

Zasega principno nyama sashtestveni predlozenija za promeni. Samo Randy K5ZD predlozi prefixite ili call areas na LZ stancijte da sa sashto mnozitel za da ima povece interes kam rabota s LZ stancij. Mislya ce predlozenijeto e dobro.
Taka LZ stancijte shte prodalzat da predavat samo ITU zona v nomera si. Moze da se zacitat i dvete za po golyam interes - i LZ prefixite i LZ call areas. (tezi neshta nyama opasnost da se promenyat ot upravlyavashtite vav vseki edin moment :-))))

V sashtoto vreme uslovijata tryabva da sa maximalno blizki do IARU test rules
za da moze lesno da se configurira CT ili druga programa za rabota v LZ testa. (Zapadnyacite sa marzelivi hora)

Tova e.

73 de Doc LZ2CJ

LZ DX CONTEST 2003
(DRAFT RULES - NEW FORMAT)

The Bulgarian Federation of Radio Amateurs has the honour to invite amateurs all over the world to participate in the LZ DX CONTEST.

DATE and PERIOD:
Each weekend before the last full weekend of November from 12:00 UTC on Saturday till 12:00 UTC on Sunday (2003 -22/23 November). (i.e. during the weekend before CQWW CW contest weekend)

BAND and MODE:
Bands:80; 40; 20; 15 ; 10 m according to IARU Region I band plan.
Modes: CW, SSB, Mixed
Band changes are allowed without restrictions.
After Mode change is done the entrant must stay on this mode for at least 10 minutes.
Same station may be worked once on CW and once on SSB on every band.

CATEGORIES:
A - Single Operator/Multi Bands/Mixed
B - Single Operator/Multi Bands/CW
C - Single Operator/Multi Bands/SSB
D - Single Operator/Single Band/Mixed

Low power (max 100 W output) entrants will be marked with (*) sign in final results.

E - Multi Operators/Single Transmitter/All Bands/ Mixed

HP and LP M/S are allowed. Low Power M/S will be marked with (*) sign in final results.

D - SWL

EXCHANGE:

RST + ITU zone of the entrant

POINTS:
6 points for each QSO with LZ station
3 points for each QSO with other continent
1 point for each QSO with the same continent and country

SWL POINTS:
3 points for two call signs and two numbers
1 point for two call signs and one number

MULTIPLIER:
The sum of ITU zones worked on each band

FINAL SCORE:
The sum of QSO points multiplied by final multiplier according to the category of the entrant.

PAPER LOGS:
In standard forms. Separate logs for each band are required. A summary sheet showing ITU zones worked on each band and a declaration are required.

Please send your log to :
BFRA, P.O.Box 830, 1000 Sofia, Bulgaria

ELECTRONIC LOGS:
Please send your e- logs preferably in CABRILLO format.

Send electronic logs to E-mail: .....(TBD)

DEADLINE:
30 days after the contest (post stamp being decisive for paper logs)

AWARDS:
First three scores in the world in each category (separate for HP and LP entrants) will receive awards.
Plaque will be awarded to the first in the world entrant in categories A and E (High Power Entrants Only)

REMARKS:
Bulgarian stations are listed separately from foreign entrants.

LZ DX CONTEST
(DRAFT RULES)

DATE & PERIOD ...
...

BANDS & MODES
BANDS: 160 - 10 m (except WARC bands): 160-80-40-20-15-10 m
MODES: CW, SSB, MIXED
BAND AND/OR MODE CHANGES: The band and/or mode change is not allowed
before 10 min period is spend on this band and this mode.

QSO
One CW QSO and one SSB QSO with the same station is allowed on each
band
The QSO between LZ stations is not allowed

CATEGORIES
I. High power - the output power exceed 100W
a- Single Operator/Multy Bands/Mixed
b- Single Operator/Multy Bands/CW only
c- Single Operator/Multy Bands/SSB only
d- Single Operator/Single Band/Mixed
e- Multy Operators/Multy Bands/Single transmitter/Mixed
f- Multy Operators/Multy Bands/Multy transmitters/Mixed

II. Low power - the output power shall not exceed 100W
a- Single Operator/Multy Bands/Mixed
b- Single Operator/Multy Bands/CW only
c- Single Operator/Multy Bands/SSB only
d- Single Operator/Single Band/Mixed

III.QRP - the output power shall not exceed 5W
a- Single Operator/Multy Bands/Mixed
b- Single Operator/Single Band/Mixed

IV. SWL

EXCHANGE
A.For non LZ stations
RS(RST) + ITU Zone of the entrand

B.For LZ stations
RS(RST) + County abreviation (in two letters) of the entrand

POINTS
A.For non LZ stations
10 points for each QSO with LZ station
3 points for each QSO with any DX station
1 point for each QSO with the same continent and country

B.For LZ stations
3 points for each QSO with any DX station
1 point for each QSO with any European station
QSO between LZ stations is not allowed (no credit points & multipliers)

C.SWL
3 points for correct record of both call signs & both exchanges
1 point for correct record of both call signs & one exchnge

MULTIPLIERS:
A.For non LZ stations
The amounth of ITU zones + LZ counties on each band, regardless of mode

B.For LZ stations
The amount of ITU zones + DXCC (WAEDC) countries on each band,
regardless of mode

FINAL SCORE
The all bands QSO points multiplied by the all bands multipliers

LIST OF ALL 28 ABREVIATIONS OF BULGARIAN COUNTIES

476. 50 years of the act of Amateur Radio in the former GDR

Yahoo group: LZRT
Date: 2002-12-12 07:31:23 UTC
From: Alexander Karadjov
Topic: 476 Message: 476

?????????,

???????? ? ?????-?????? ?? Hardy, DL3KWF (??? ??????).
?????, ?? ??????????? ? ?????????.

73 ????, LZ1FW

==========

Hallo Sasho,

the radioamateurs of the east part of Germany (former
GDR) want to invite to a QSO-party on the occasion of
their come back 50 years ago.
Please give this information to your radioamateurs.
The rules of the party do you will find in the
attachment.
Thank you very much.

Vy 73 de Hardy, DL3KWF

DARC - Districts D, S, V, W, X, Y
of Germany

QSO Party: 50 years of the act of Amateur Radio in the
former GDR

The Radio Amateurs of the former GDR invite all Radio
Amateurs of the world to a QSO Party on the occasion
of the signing their law of Amateur Radio.

Date: 2nd February 2003 08:00 - 20:00 UTC

Class: A Single Op 3,5 ... 430 MHz
C: SWLs 3,5 ... 430 MHz
B Single Op 144 ...430 MHz
D: SWLs 144 ... 430 MHz

All bands but not WARC and 50 MHz.

Mode: CW, SSB, FM

Exchange: EX-GDR stations:RS(T) + ex GDR-Callsign
(599/DM2AAA or 59/Y21AA)
other stations: RS(T) only

Points: QSO with station with ex DM-Callsign 3
points
QSO with station with ex Y2-Callsign 2
points
other stations 1 point
Each station count one time on each band.

Final: Sum of all QSO-points (no multiplier)

All participants with 50 or more points will get a
memorial card.

Logs please to Hardy Zenker, DL3KWF, Kotkaring 1,
D-17493 Greifswald, Germany or prefer to eMail: dl3kwf
@... (ASCII, LOG, ALL, CABRILLO by CT, N6TR) not

Iskam i az da izkaja mnenie po tozi wapros.Mislya che osnownoto w edno radiolyubitelsko systezanie e ne samo sportnata mu chast a i PREDSTAWYANETO NA STRANATA ORGANIZIRASHTA GO!!!
Predlojenieto mi e :
Ako se naprawi taka che chrez dwete bukwi makar i na latinica da se znae ot kade raboti LZ uchastnika moje bi dosta uchastnici shte nauchat poweche za LZ. Ima kakwo da se znae za LZ.Ne e losho da si oboznachim stranata po golemite
gradowe ili dori i po kwadratite na QTH LOCATORA ta da se znae neshto i za towa.
Otnosno tochkite naistina e interesno te da sa poweche za LZ stanciya i go priemam
da sa 10. Ako wsichki w LZRTable i na 3764;3527 Mhz se ogledame shte widim che sled
wsyaka sledwashta petiletka shte ostawat wse po malko i po malko LZ Hams
Taka che pone da naprawim uslowiyata takiwa che da se znae za LZ.Osnownoto ne sa diplomite i plakite i wsyakakwi drugi nagradi.Po dobre e da se nauchi poweche za
stranata ni i ako e wazmojno po dobri neshta.
Winagi shte ima nedowolni i kritiki za towa koeto se prawi
Wesela Koleda i Nowa Godina na wsichki Poweche Radost

Subject: Paper Chasers' Log

Tony,
Last year I published a QSL Info lookup program. This years' program
is a new QSO logging program, Paper Chasers' Log. In addition to doing
the usual things, like tracking DXCC, WAS, United States Counties, IOTA
(all continents), 10-10 and printing labels, it also tracks a large
number of awards, 54 in all. Paper Chasers' Log also tracks
endorsements and awards for the Geratol Net, Century Club Net and
OMISS. Full details are at www.n0oks.com <http://www.n0oks.com/> .
Let me know if you have any questions.
Mark, NØOKS

Subject: предложение за обява

Здравейте!

Пише Ви Валентин Кръстев - LZ 2 WK от Варна. Имам на разположение компютърни програмни помощници / вижъл програми / за изчисляване на мрежови трансформатори с повече от една вторична намотка - до 1000 вата, изчисляване на бобини и трептящи кръгове, изчисляване на КВ диапазонни филтри, изчисляване на П-филтър на КВ лампов усилвател на мощност по зададен аноден ток и напрежение. Смятам, че тези програмки ще бъдат в помощ на радиолюбителите. Предлагам ги безплатно, като за целта е необходимо само да ми се изпрати самоадресиран плик с марка и изправни дискети /1.44Мв/ - флопита / по една програма на флопи / на адрес: гр. Варна, бул."Христо Ботев" № 6, вх.Б, ап.31. За справки тел. 052-24-61-62 след 18 ч. или на е-мейл: walkristev@abv.bg

Zdravejte,

Otnovo sum na UN misiya v Kosovo. Pristignah predi 10
dni i ot v4era sum v stanciyata, v koyato 6te rabotya.
Tova e v naj-izto4nata 4ast na Kosovo. Razstoyanieto
do Kyustendil po prava liniya e samo okolo 100 km.
Oshte ne sum kiriliziral kompyutera i zatova zasega
shte pisha na latinica.

Usloviyata za LZ DX Contest gi ima na bulgarski, no se
namirat v Kyustendil. Shte moga da gi izpratya okolo
20 fevruari, kogato shte ida do LZ. Togava shte vzema
i ostanalite 100-ina hartieni logove, za da gi vaveda.

Imam validen licenz za rabota ot Kosovo do july 2003,
no zasega radio ne mislya da donasyam. Neka se
poopravi vremeto.

Communiqué de presse

Challenge F8SH

En 2002 avait lieu le challenge F8SH consacré à la propagation par Sporadique E sur la bande des 2 mètres. Les logs ainsi collectés sont envoyés à Jim Bacon, G3YLA, coordinateur de recherche IARU et servent à alimenter une base de données pour l'étude de ce type de propagation. Pas moins de 20 stations (F, ON, OZ, PA, I) avaient rentr é un log et c'était Alessandro, IW0GPN qui avait remporté l'é preuve avec 91 QSOs et 34 locators. Au niveau de la meilleure distance, c'était Bernard, F1CKB, qui avait réalisé le plus beau DX avec 2542 kms (QSO avec EA8BTV en IL18QI depuis IN97SL).

Cette année, les organisateurs ont décidé de reconduire le challenge et espèrent un plus grand nombre de participants encore. Pour participer, rien de plus simple. Il vous suffit d'envoyer une copie certifiée de votre log avec tous les contacts établis via sporadique E entre le 1er mai et le 30 septembre 2003 à l'un des deux organisateurs. Le règlement du challenge ainsi que les résultats de l'année dernière se trouvent sur le site du challenge : <http://challengef8sh.ifrance.com/> http://challengef8sh.ifrance.com. Pour les Oms n'ayant pas Internet, le règlement peut être obtenu sur simple demande aux organisateurs : Christophe Auzzino (F8ACF), Ré sidence les Korrigans BAT 3 N° 9, F-56170 Quiberon (France) ou à Daniel Vandewalle (ON7VZ), Mazenque 25, B-7866 Ollignies (Belgique).

Press release

Challenge F8SH

In 2002 took place the challenge F8SH devoted to the E sporadic propagation on the 2 meters band. The collected logs are sent to Mr Jim Bacon, G3YLA, IARU research co-ordinator and serve to feed a database for the study of this type of propagation. Not less than 20 stations (F, ON, OZ, PA, I) had sent a log and that was Alessandro, IW0GPN, who won the challenge with 91 QSOs and 34 locators. The best distance was achieved by Bernard, F1CKB, who realised the best DX with 2542 KM (QSO with EA8BTV in IL18QI from IN97SL).

This year, the promoters decide to renew the challenge and hope more participants. To take part, nothing of simpler. You have just to send a certified copy of your log with all the established contacts via Es between 1st May and 30th September 2003 to one of the promoters. Rules of the challenge and results of last year can be seen on the website : <http://challengef8sh.ifrance.com/> http://challengef8sh.ifrance.com. For the people who have not Internet, a copy of the rules can be

obtained on request from the organisers : Christophe Auzzino (F8ACF), R
ésidence les Korrigans BAT 3 N° 9, F-56170 Quiberon (France) or Daniel
Vandewalle (ON7VZ), Mazenque 25, B-7866 Ollignies (Belgium).

Sasho i Boitcho,

Kazah, che po tozi wypros poweche ne me interesuwate, no niakolko choweka w lichni emails me popitaha za kakwo wdigam shum. Zatowa izlagam publichno za kakwo ide rech.

Eto za kakwo stawa duma: (Sasho i Boitcho ako iskat da ne chetat.)

Filosofiata na radioliubitelskite organizacii, koito potdyrzhat SWL sekcii e, che tezi hora (SWL) shte bydat nowata smiana na HAMs, toest SWL e period za obuchenie i poluchawane na neobhodimite poznania predi da se izleze w efir. Razbira se niakoi si ostawat dozhiwot SWL, zashtoto taka im hareswa. Towa e tehen izbor i niama da gi komentiram.

W LZ ot mnogo wreme ne se obryshta dostatychno wnimanie na SWL. Az pomnia poslednite 30 godini. Za po-ranen period ne komentiram. Oshte predi mnogo godini SWL uslowiata biaha kopirani ot ruskia brat CQ M Contest. Az sym uchastwal i pechelil LZ DX C kato slushatel. Po onowa wreme imashe edna izmishliotina sytworena ot togawa wlast imashtite, che koito ima lichen inicial ne mozhe da uchastwa kato SWL. Nalozhi se da si izpratia otcheta kato LZ1M304. Ne pomnia kolko LZ slushateli imashe, no na niwoto na rezultatite ot chuzhdite SWL rezultata ne beshe losh. Obache SKUCHNO, SKICHNO, Gospoda. I nikakwi umenia ne mogat da se pridobiat.

Prosto zastawash na chestotata na dwe dobri LZ stancii i pishesh, pishesh.... Da, niama greshka, na dwe stancii. Niakoi w LZ mozhem da slushame na dwa priemnika ednowremenno. Pryw go naprawi Wenko LZ2YY. Posle se nauchihme i nie. Problema beshe samo da se setim kak Wenko ni utrepwashe wyw wytreshnite systezania. E, i toi poradi onowa glupawo prawilo za lichnite stn uchastwashe pod chuzhd SWL.

Kratyk primer kak bi izglezhdal moia log pri segashnite uslowia:

```
00.00 AA1XX 599 XX 599 28 LZ1KDP 3points
00.01 BB1XX 599 xx 599 28 LZ1KDP 3points
00.02 CC1XX 599 xx 599 28 LZ1KDP 3points
```

i taka do kraia na systezanieto. I kakwo ot towa.....

Zatowa dostatychno e samo da se kazhe: Za SWL wazhat syshtite uslowia kakto i za operatorite!!!!!!!

Togawa pyrwata wryzka bih zapisal taka:

```
Time Call Sent WKD points Multiplier
------- ------ ------- ------- ---------- --------------
00.00 AA1XX 599XX LZ1KDP 3points XX za multiplier
00.00 LZ1KDP 599 28 AA1XX 10points 28 za multiplier.
```

Ne moga da zapisha wtori pyt LZ1KDP, zashtoto po uslowie tozi inicial mozhe da figurira samo edin pyt w my log.(Stawa duma za otcheta na wseki obhwat). LZ1KDP mozhe da figurira bezbroi pyti w grafata WKD with.

Sega weche stoi si na edna stancia, ako iskash. Az shte rowia obhwata, shte sybiram mnozhiteli i shte sym pred teb.:))) Razwiwat se moite umenia da slusham efira, da tyrsia mnozhiteli, znachi moga da izpolzwam natrupanite znania za prohozhdenieto na razlichnite obhwati, naizust da zapomnia uslowiata na systezanieto i da stana negow priatel. Toest oshte shtom polucha CALL da se wkliucha kato operator. Taka e gospoda contest menagers, wseki si ima liubimi systezania i obiknoweno towa sa tezi, koito si e haresal kato nachinaesht. Za primer dawam Plamen LZ3FM. Otkakto se pomni, toi uchastwa wsiaka godina w UBA Contest. Kazwa che gi e haresal, zashtoto sa mu obyrnali wnimanie isa mu izpratili klasiraneto predi mnogo godini, a e imal samo niakolko QSO.
Ot togawa wsiaka godina toi e osnowen uchastnik s pretencii za klasiraneto. Mnogo sa primerite kato tozi. Shte dam samo oshte edin.

Niakolko godini LZ1KSN uchastwa bez osobeni ambicii wyw WAE DX Contest. Edna godina propusnahme. Kakwa beshe nashata iznenada, kogato poluchihme izkliuchitelno krasiwata knizhka s podrobnoto klasirane. I kratko pismo w koeto se kazwashe, che organizatorite predpolagat, che po neotlozhni angazhimenti weroiatno ne sme mogli da uchastwame, no tyi kato godini nared sme uwazhawali contesta, i te sega ni uwazhawat, kato ni izprashtat rezultatite, zada mozhem da se podgotwim za sledwashtata godina.
Ot togawa, dokato imashe KSN, WAE DXC winagi e bil w nashia kalendar.

LZ DX Contest po syshtoto wreme ima swoia istoria za pechelene na priateli. Robert Harrel N4OL, leka mu pryst, goliam priatel na Bylgaria, godini nared beshe kontinentalen winner za North Amerika. Dazhe w."Rabotnichesko delo" napisa statia za nego. Kogato go pozdrawih w efir i mu kazah, che sled niakolkoto medala, za osobeni zaslugi kym systezanieto poluchawa specialna kupa ot organizatyorite, Bob beshe iskreno ochuden, che nasheto systezanie ima i nagradi. Sled posledwalia skandal se okaza, che Ceco Zlatarew e iskal ot N4OL filatelni marki i ponezhe ne poluchil, godini nared ne mu izprashtal medalite.....

Radwam se, che sega imame drug contest manager s drugi razbirania. Boitcho, ne se zaiazhdam s teb, samo iskam da pomogna wsichko da e perfektno. Ako se zamislish zapisan po nowia nachin SWL log /po drugi uslowia/ mozhersh:

1. Da prowerish mnogo lesno kato izpolzwash syshtata metodika, kakto za ostanalite otcheti.
2. Da izpolzwash SWL otcheti kato chast za bazata danni za uchastwalite i ne izpratili otcheti inicialli.
3. Mozhesh da poluchish otchet w elektronen wid. (Kazhi mi programa, koiato da se izpolzwa pri washite uslowia, zashtoto az moga da ti kazha koia da izpolzwash, ako uslowiata sa kakto obshtoprietite za SWL. Specialno ia ima i za LZ DX, no koi e dopuskal, che nashite uslowia sa tolkowa izchancheni???).
4. Poradi ednakwite uslowia za LZ i DX SWL niama nuzhda ot otdelna klasascia na LZ SWL. Togawa i udowolstwieto ot klasiraneto shte e po-sladko.(Predpolagam, shtom dobre ste obmislili tochkite za operatori ot

razlichnite kontinenti, SWL ne mogat da ne bydat rawnopostaweni pomezhdu si.)

Toest SWL otcheti da naprawiat twoia zhiwot po-lesen, da se izpolzwat za po pylnocenno otchitane na systezanieto. A uchastieto na SWLs da doprinese za tiahnoto izrastwane.

Tochno towa prawiat drugite menageri. W uslowiata niama nuzhda da se obesniawa nishto. Ako samo se napishe za SWL, wazhat syshtite uslowia, kakto za operatorite, te wsichki znaiat kak da si napishat otchetite, znaiat kak da slushat. Po tazi metodika i uslowia rabotiat i wsichki ot malkoto contest programi pisani za SWL.

Kompiutrite masowo se izpolzwat i ot malkoto SWL po sweta. Ako gi izolirash, edwa li niakoi, oswen i bez towa niamashtite sywetski bratia, shte ti napishe otchet na ryka.

Gospoda, zashto triabwa da pisha wsichki tezi bukwi. Federaciata ima edin SWL s goliam opit. Ot nego biaha "Sywetite za nachinaeshti SWL". Ot tiah se uchehme w nachaloto. Prosto popitaite go. Towa e Panaiot Danew LZ1US !!! Toi ima takyw opit, che e grehota da ne se polzwa. Ili prosto ne znaehte???

Za final iskam da kazha. Poradi oblekchenite uslowia za licenzirane, SWL po sweta stawat wse po-malko. Ot tam se gubi tradiciata i nowite operatori ne mogat da znaiat koi znae kolko za SWL, zashtoto nikoga ne sa se zanimawali seriozno s tazi deinost. Ot tam i uslowiata za SWL w dosta systezania na nacionalnite federacii sa napisani bezhaberno. Neka nasheto da ne byde ot tiah.

Greshki stawat, no kogato ima zhelanie da se korigirat e dobre. Kogato niama.... Ako wie ot uprawitelnoto tialo na federaciata imate woliata da se korigirate, az HaralamPi Popov, LZ1BB, nechlen na federaciata, shte sponsoriram plaka, ili kupa za pyrwiat w klasiraneto SWL za 2003 godina, nezawisimo ot cenata (Samo da ne e ot chisto srebro, ili zlato, Hi.} W sponsorstwoto mi shte wleze i raznoskite po izprashtaneto i do pobeditelia !!!

73 i blagodaria za tyrpenieto!

Kolegi,

Predpolagam, che dolniya material shte e interesen za
mnogo ot Vas

73 LZ1BJ

Vzeto ot
http://iarums.com/

Dear Friends,

Being in the role as IARUMS coordinator for a month or
so, it is clear that almost 95% of the Region 1
society members are not involved in the IARUMS. The
load is being left to very few number of societies
that are mainly the ones looking into the interest of
safeguarding our spectrum from intrusions. My focus
throughout this year will mainly be to make as may
societies interested in IARUMS as possible by seeing
the essential need of such service.

73
Hani Raad, OD5TE
IARUMS Region 1 Coordinator

Weekly Intrusion on 14320 kHz

Every Sunday at 1700 UTC A1A transmissions of "310"
are being heard on 14320 kHz for 10 minutes followed
by 10 minutes of A1A transmissions of "555" at 1730
UTC.
Based on preliminary reports from hams in the world,
the transmissions are coming from North-West of
France.
Please send us reports and bearing on the
transmissions. Hams in the world are monitoring the
intrusion trying to collect as much info as possible
to locate the exact origin of this intrusion.

21.058 kHz intrusion

On January 8, 2003 at 07:00 UTC and for about 30
minutes strange female transmissions were heard on
21.058 MHz, USB in a far East language. Further
verification is needed on the source and the language.

Islamic Republic of Iran Broadcasting (IRIB)

IRIB is Back on 7100 kHz transmitting various programs at the following times:
0330 - 0530 UTC: Arabic
1930 - 2030 UTC: Russian and Spanish.
Message from the German Telecom and IARUMS region 1 coordination has been sent to the IRIB management awaiting their feedback and action.
The station was also active last winter and was heard again the first time on 23 November 2002

Cordless telephone transmissions in the 2m band

A lot of countries in the world have recently started to suffer from heavy intrusions on the 2m band from cordless phones. Such transmissions blocked repeater frequencies as well as many other essential frequencies that are used by Amateurs for emergency service. Such transmissions have the potential to cause interference to international amateur radio communications as much as 8,000 km distant.
Such interference is very harmful to a lot of Satellites, as some of its its uplink frequencies fall on 2m band band.
145.900 MHz is an uplink frequency for AMSAT-OSCAR 7, Fuji-OSCARs 20 and 29, AMSAT-OSCAR 16, UoSAT-OSCAR 22 and Kitsat-OSCAR 23. 145.935 falls within the uplink passbands of AMSAT-OSCAR 7, Fuji-OSCAR 20 and Fuji-OSCAR 29, and 145.975 is an uplink frequency for UoSAT-OSCAR 14, UoSAT-OSCAR 22 and falls within the uplink passbands of AMSAT-OSCAR 7, Fuji-OSCAR 20 and Fuji-OSCAR 29.

Radio Russia

An Inter-modulation product of Radio Russia, Moscow transmission is heard again on 7020 kHz in the evening times. This is a result of their regular transmissions on 7140kHz and 7260kHz appearing on 7020 kHz through a knitting pattern (2 x 7140 - 7260 = 7020). Resulting signal strength in Germany is in the range of 32 dB?V/m. Recordings were sent to German Telecom and in the process of contacting Russian Telecom to work on stopping this harmful interference)

10.125 kHz intrusion

QRG: 10.125 MHz, mode: A3E, date: daily, time: every full hour plus 45 minutes. Female voice calling "SYN2". Clandestine, located middle East. The transmitter seems to be rather strong, so it could be,

that these transmissions are audible in other parts of
the world, too.

586. UBA-SWARL 365 Days 2003 Contest

Yahoo group: LZRT
Date: 2003-04-02 19:07:02 UTC
From: Harry Popov
Topic: 556 Message: 586

UBA-SWARL 365 DAY CONTEST 2003
==========

PURPOSE
=======
The Royal Society of Radio Amateurs (UBA) and the Short Wave Amateur Radio Listening (SWARL) invites every licensed radio amateur and short wave listeners to participate in this contest.
The aim of this contest is to work or hear as many DXCC countries as possible, and on the various bands stipulated in the rules, during a period of one year from the 1st of January at 00:00 hrs. UTC, and this WITHOUT obligation for confirmation by a QSL-card.

1. DURATION
==========
The contest begins on the 1st of January at 00:00 hrs. UTC, and ends on the 31st December at 24:00 hrs. UTC.

2. PARTICIPANTS
==========
All licensed radio-amateurs, and short-wave listeners, even without a short-wave listener's number, are warmly welcome.
3. CATEGORIES
==========
There are only one categorie: Category 1 = MIXED-mode
meaning SSB, CW, RTTY and all the new digital modes together like PSK, Throb, MT63, HELL, Pactor, MFSK ect...
4. BANDS
=========
Logging takes place on all HF bands, i.e.. 160, 80, 40, 30, 20, 17, 15, 12 and 10 meter bands.
Respect the IARU-recommendations.
This means that SSB-QSO's may not be logged on 10 MHz..
5. LOGS
=======
Logs should be established in alphabetical order according to the NORMAL country PREFIX. The logs should comprise the following information:
1) DXCC-land (*), 2) Callsign of station heard, 3) Frequency (in MHz), 4) Mode, 5) Date, 6) Time (in UTC), 7) RS(T) (QTH SWL or Licensed Ham), 8) Callsign of the QSOs partner (for licensed Hams, his own callsign)
Do not forget to put your Callsign or SWL number, your name, address, and club section in the heading of your logbook
(*) The normal prefix of the countries concerned should be entered in the DXCC column.
6. SUMMARY SHEET
==========

The log should be accompanied by a summary sheet, by this we mean both the provisional and the final sheets.
These summary sheets will include the following information: Your callsign or SWL number, the Category of participation, your surname and given name, your address and E-Mail, the number of DXCC lands per band, eventual remarks/observations, a station description, and the following signed declaration: I hereby declare that I operated my station in accrodance with the contest rules. I accept the decision of the contest comittee.
7. SCORES
==========
Each DXCC land counts only once per band and counts for one (01) point.
8. MULTIPLIERS
==========
This year no multipliers maybe in the future.
9. WINNER
=========
The winner is the participant with the highest number of logged DXCC lands on all bands together.
10. SUBMISSION OF LOG AND SUMMARY SHEET
==========
To be considered for the contest, provisional summary sheets must be sumbitted three times per year, these sheets must contain the information outlined in article 6 above.
These must reach the Contest manager by the end of the month following the closing date.
Closing date 1st period = 31st March
Closing date 2nd period = 30th June
Closing date 3rd period = 30th September
The log and final summary sheet must reach the Contest manager by the end of the month following the final closing date. The date of the e-mail is the only proof. Logs which are sent after the deadline will not be considered for the competition.
11. RESULTS
==========
Both the interim results and the final results will be published in CQ-QSO the clubmagazin of the UBA and on the SWARL reflector at URL: http://groups.yahoo.com/group/SWARL/ and on the Webpage of the UBA at URL: http://www.uba.be/ in the ONL section and on my home page http://users.skynet.be/ONL4299/
If you have participated, and satisfied the requirements of article 10 mentioned above, then you will automatically receive the final results.
12. ADDRESS
==========
Logs and summary sheets should be sent to: The Contest Manager:
ONLY VIA E-MAIL to:
ONL4299@...
13. AWARDS, PLAQUES OR CUPS
==========
The participants placed first and second HAM and first and second SWL will receive a Plaque, or a Cup or ..... sponsored by the UBA (The Royal Society

of Radio Amateurs)
The first ten will receive a e-certificate sponcered by SWARL (Short Wave Amateur Radio Listening)
14. PENALTIES AND DISQUALIFICATION
==========
Penalties are for the following:
Incomplete or inacurate contacts: these not only receive no points, but entail the deduction of a point.
Each unidentified duplicate DXCC land is deleted and penalised by deduction of 5 points.
Disqualification is foreseen for:
Logs which manifestly break the rules.

TO
SPECIAL STATIONCQ5MGP KEY STATIONS PORTUGUESE STATIONS OTHER STATIONS
BAND BAND BAND BAND
Multi. 80-40 Multip. 20-15-10 Multip. 80-40 Multip. 20-15-10 Multip. 80-40
Multip. 20-15-10 Multip. 80-40 Multip. 20-15-10
FROM PRTUGUESE STATIONS 6 8 5 10 4 6 3 7 2 4 1 5 1 5 2 4
Other Stations 5 10 6 8 3 7 4 6 1 5 2 4 0 0 0 0
f) SCORES
1. The same Radio Station can be contacted on the same wave band with 1 (one) hour break
2. All participating Stations shall have a maximum of contacts between each other, according with the above table, referring to paragraph 4 f) 1.
3. To add points, in all the QSO?s, at least 1 (one) of the participating Radio Stations have to be Portuguese and within the national territory.

g) Multipliers:
1. The multipliers inserted in the previous table, only count once per wave-band, mode and period.
2. All contacts made with Portugal, including; Azores and Madeira, (all prefixes), multiplier will have to backlog according with paragraph 4 g) 1;

h) Final scores
Sum of scores to multiply by the amount of multipliers.

i) Interchange
RS followed by a sequence number starting with 001.

5. LOG?s:
a) Every participating Radio Stations will have to record all contacts made, separated by wave-band, namely;
? Numeric sequence of QSO?s starting with 001;
? UTC time;
? Contacted Radio Station sign;
? RST;
? Operational method;
? Used Wave-band;

b) Every Radio Station when sending the record of all contacts made should mention the following;
? Call sign;
? Operators full names;
? Full address;

? and the QSL card;

c) Attention - All contacts made with Radio Stations, which do not backlog, will be disqualified;
d) Such forms, to used, will have to be A4 format with 40 lines, divided in every ten according with annex 1;

e) Logs will be accepted together with the QSL card, at the Contest Office, no later than 17:00 UTC, 27th of
May 2003.

f) Log?s should be posted via Post Office or handed in to the following address:

?COMISSAO CULTURAL DA MARINHA?
?Concurso Radio? - Praca do Imperio
1400-206 LISBOA,

or by email to: ct1egh@... or ct1czt@... until 17:00 hours of the 27th of May 2003, as mentioned on paragraph 5 e);

g) Received Log?s by post or email, stamped and dated later than the deadline will be disqualified;

h) In order to be considered valid, the Log?s will have to be submitted with the following requirements;

1 - Should have at least one contact with the Special Station CQ5MGP;
2 - Received until the deadline limit as mentioned in paragraph 5 e);

i) Logs should be submitted by email as an attachment, format ASCII (TXT) file name with the same Radio signal.

j) PENALTIES / DISQUALIFICATIONS: Any participating Radio Station will be disqualified in case of violation of rules or bad anti-sports conduct;

6. PRIZES
a) Prizes will be attributed to the first ten (10) places in each modality (CW, SSB or Both)

b) All participants who obtain 1/3 scores compared with the winner will receive a Participating DIPLOMA;

c) Radio Stations with valid Log?s, will receive a card allusive of NAVY DAY (DIA DA MARINHA);

d) Stations Key will give out points according with the contest table, in the same level as other Stations.

e) Stations Key will receive specific prizes, allusive to the events.

f) XYL?s - If there is more than 5 (five) female Radio Amateurism, a trophy will be attributed to the one with the highest points, apart from the general classification;

g) The place and date for Prize Giving Venue will be announced at a later stage, followed by a social luncheon and visit to the NAVAL UNIT.

7. FINAL DISPOSITIONS:
a) The Radio Amateurs, will have to accept unconditionally, all rules and regulations in it?s fullness, just by participating in this Contest. In cases, such as; omissions, susceptible of ambiguity, the matter of deliberation will be taken by the Contest Organization, which has the absolute, unalterable power to do so.

b) It is the Organization prerogative, not to give away prizes in all categories, if there is less than 5 (five) participants, in such case, the 1st classified in each category will be awarded a Diploma.

c) The Prizes or Diplomas, not handed during the Prize Giving Venue, can be collected at the NAVY MUSEUM premises.

8. INFORMATIONS:
More details can be obtained, by email at: ct1czt@..., ct1egh@... or on the website: www.marinha.pt

(1) Except CQ5MGP that will be operated by more than one operator;
Lisbon, March 24Th 2003
The Comission

Hi guys,

As of today, I'm making CT freeware. That doesn't mean
I'm stopping work on
CT, just that I don't want money for it anymore.

I have changed the permissions on ctvault to let
anyone download. The manual
is being converted to PDF format, and I'll be updating
it over the next few
months.

in the
Championship. Belarus presented two teams, the 2nd of
them did not participate in
the team competition.

The final Teams classification is as follows:

1. Belarus-1 5535.9 pts
2. Russia 5092.9
3. Romania 4087.8
(Not qualified) Belarus-2 3641.5
4. Hungary 3205.9
5. Czekh Republic 2166.4
6. Macedonia 2030.2
7. Ukraine 1657.8
8. Germany 822.4
9. Bulgaria 741.5
10. Lithuania 518.1
11. Georgia 396.7
12. Belgium 126.3
13. Moldova 93.6.

96 medals gained by participants of the following
countries:

1. Belarus Golden - 21, Silver - 7, Bronze - 7,
Total 35
2. Russia 6 13 7
26
3. Romania 1 6 7
13
4. Hungary 4 0 0
4
5. Macedonia 1 2 3
6

6. Ukraine 0 2 1
3
7. Bulgaria 0 2 1
3
8. Czechia 0 1 1
2

Winners by Categories:
Category "A", Junior Females under 20:
- Practicing tests - Lahutsina Anastasia, Belarus
- Receiving tests - Lahutsina Anastasia, Belarus
- Transmitting tests - Antonenka Antanina, Belarus
Category "B", Junior Males under 20:
- Practicing tests - Kostyrko Denis, Russia
- Receiving tests - Kostyrko Denis, Russia
- Transmitting tests - Tataribov Sergey, Belarus
Category "C", Ladies:
- Practicing tests - Tsyatserskaya iRyna, Belarus
- Receiving tests - Tsyatserskaya Iryna, Belarus
- Transmitting tests - Tsyatserskaya Iryna, Belarus
Category "D", Seniors:
- Practicing tests - Astrouski Aleh, Belarus
- Receiving tests - Astrouski Aleh, Belarus
- Transmitting tests - Bindasov Andrei, Belarus
Category "E", Ladies over 40:
- Practicing tests - Volkova Raisa, Belarus
- Receiving tests - Levchenko Marina, Ukraine
- Transmitting tests - Levchenko Marina, Ukraine
Category "F", Seniors over 45:
- Practicing tests - Markovski Spaso, Macedonia
- Receiving tests - Zelenov Stanislav, Russia
- Transmitting tests - Zelenov Stanislav, Russia
Category "G", Junior Females under 16:
- Practicing tests - Ramanenka Maryna, Belarus
- Receiving tests - Trofin Vasilica, Romania
- Transmitting tests - Ramanenka Maryna, Belarus
Category "H", Junior Males under 16:
- Practicing tests - Kochno Evgueni, Belarus
- Receiving tests - Kochno Evgueni, Belarus
- Transmitting tests - Kochno Evgueni, Belarus.

Absolute World Champions:
1. Aleh Astrouski, Belarus - group Male
2. Tsiatserskaya Iryna, Belarus - Female
3. Lahoutsina Anastasia, Belarus - Junior Female
under 20
4. Kochno Evgueni, Belarus - Junior Male under 16
5. Ramanenka Maryna, Belarus - Junior Female under
16
6. Zelenov Stanislav, Russia - Male Senior over 45
7. Kostyrko Denis, Russia - Junior Male under 20

8. Levchenko Marina, Ukraine - Ladies over 40.

Four Golden medals in personal classification were gained by:
- Tsiatserskaya Iryna, Belarus
- Kochno Evgueni, Belarus.

Three Golden medals in personal classification were gained by:
- Astrouski Aleh, Belarus
- Lagutsina Anastasia, Belarus
- Ramanenka Maryna, Belarus.

New World records were set up as follows:
- Iryna Tsiaterskaya - two World records, in Reception and in Transmission of mixed texts accordingly
- Denis Kostyrko, Russia - two World records in Practical exersises
- Anastasia Lagoutsina - Practical exercises (pile-up, PED)
- Tanja Azderska, Macedonia - Practical exersises (calls, RUFZ).

Andrei Bindasov, Belarus, has successfully performed an attempt to bit Guinnes records for transmition of letters, numbers ans mixed texts.
The new respective records were set up for transmission of letters (271 digits per minute) and mixed texts (216 digits per minute).
For the first time in all HST World Championships there were implemented:
- the monitoring of process of transmission and practicing tests, so that other participants and spectators can watch the process on large computer monitors installed in special halls and corridors,
- instant computing of results of all kinds of competition, since all computers used for competition were networked,
- the instant monitoring of the overall competition process, as the main monitor in the press-center was presenting results of every competitor and the frames with results were updated every 10 seconds.

The above implementations made the competition very spectacular and
accordingly the Championship attracted quite a number of visitors.

The Championship has attracted a substantial attention of local TV,
radio and other media.

We would like to extend our appreciation to the IARU for granting
Belarus the right to organize and perform the 5th IARU HST World
Championship. We would like also to thank all participants of the Championship for
their activity and enthusiasm which made the event a success.

73,

Vladimir Sidorov, EU1SA
President,
The Belarussian Federation of Radioamateurs and Radiosportsmen
(BFRR), IARU Member-Society

634. BLACK SEA 2 M VHF FM CONTEST

Yahoo group: LZRT
Date: 2003-07-22 06:52:07 UTC
From: Alexander Karadjov
Topic: 634 Message: 634

BLACK SEA 2 M VHF FM CONTEST

SPONSOR AND ORGANIZATION: Trabzon Division of Turkish Radio Amateur Club (TRAC) TA7KA

CONTEST PERIOD: From 1100 UTC 26 July to 1100 UTC 27 July, 2003. You may work total 24 hours whole Black Sea countries. No limitation in resting periods.

MODE: FM

BAND: 2 m (145.225-145.800)

SECTIONS:
A: Portable station, single operator, simplex.
B: Portable station, multi operator, simplex.
C: Home station, single operator, simplex.
D: Home station, repater.

You should not work stations within own country. Repeater, satellite and crossband contacts are permitted only for D section. The log entries of ham radio operators living in Black Sea Region (Turkey, Georgia, Russia, Ukrain, Moldova, Romania and Bulgaria) will be accepted. QSO's making between countries having a coast of Black Sea will be valid. You may contact with these countries except own country.

EXCHANGE: RS (or RST) reports, a serial number starting with 001, and your four digit Maidenhead locator. 59 001 KN91

POINT: 1 point each QSO

MULTIPILIER: Total different maidenhead locator number

Final Score: Total points X total Maidenhead locator

Contest manager :
TA7AO Ismail KAKISIM
P.O. Box 93
61001 Trabzon-TURKEY

Contest Committee:
TA1DX Atila BASKOCAK
TA7N Ayhan ERDAL
TA7T Osman Y. KULAC
TA9J Ismail CAKMAK

Logs: Logs should include the following for each contact: UTC time, frequency, station worked, serial numbers and locator numbers exchanged, points claimed.
The summary sheet should contain the names and callsigns of all operators; postal address; station location and Maidenhead locator; the section(s) entered; the scoring table; and a signed declaration that the contest manager's decision will be accepted as final.

You may use our forms for this purpose.

Summary sheet : summarysheet.doc summarysheet.zip

log sheet: logsheet.doc logsheet.zip

Paper logs may be posted to the Manager, Black Sea 2 m VHF FM Contest, P.O.Box 93 61001 Trabzon-Turkey . Electronic logs can be e-mailed to ta7ka@... . The following log formats are acceptable: ASCII text, MS Office RTF, DOC, XLS.

Logs must be received by September 1, 2003.

Subject: Europa DXpedition

Hello DXers !

A MAJOR DXpedition !
5 in most wanted list !
Europa island !

A team of 8 operators will be active from Europa Island (FR/E) AF-009
from november 22th to december 6th 2003.

3 stations will work in CW, SSB and digitals modes from 160 to 6 meters

We are looking for any sponsors

The Leader of the DX'pedition and QSL manager
is Didier F5OGL (TT8GL - TJ1DS - TR8GL - TR0D - S92AA - S92PI - 6W1RE -
6V1C)

Waiting for your support !

Best regards and 73's

Didier F5OGL
Dany F5CW sponsor manager

Please send this mail to your friends ! TKS

658. LZ DX Contest ☐ Frequently Asked Questions

Yahoo group: LZRT
Date: 2003-10-16 07:17:06 UTC
From: Alexander Karadjov
Topic: 658 Message: 658

LZ DX Contest ? Frequently Asked Questions

1. Is it allowed to work in more than one category?
You are allowed to claim participation in your summary sheet in only one category, but you are encouraged to operate for example on all bands in case you claim score in SOSB category. Put all the contacts you have made into your log. The computer will find out the score in the claimed category. The rest QSOs will be treated like check log.

2. Is it allowed to use DX cluster during the contest?

Use of the DX cluster is allowed, but the self-spotting is NOT!

3. Is my QSO considered valid in case receiving station haven?t received exchange sent by me correctly?
The QSO of the transmitting station is valid, but the QSO for the receiving station will be invalid.

4. What happens in case the transmitting station is not transmitting its exchange correctly (ITU zone or LZ district abbreviation)?
The QSO of the receiving station that received the ?wrong? exchange correctly is counted valid, but the QSO of the transmitting station will not be counted valid. This QSO however will not be counted as multiplier for the RX station! Logs of stations transmitting wrong ITU zone (LZ district abbreviation) will be treated like check logs.

5. A station is transmitting wrong ITU zone or non-standard LZ district abbreviation. What should I put in the log - received wrong zone (wrong LZ district abbreviation) or correct zone (correct LZ district abbreviation) taken from the official source of information?
You should put in the log the ITU zone (LZ district abbreviation) really transmitted by the other station.

6. Is it allowed using more than one transceiver?
Yes, it is allowed to use any number of transceivers, but only one signal at any given time should be on the air.

7. How often operator may change band or mode? Are there restrictions on band or mode changes for multi operators stations?
After changing the mode, the operator in any of the categories should stay on this mode for at least 10 min. Band changes are allowed without restrictions for all categories. During the band change the entrant must also observe the 10min rule for mode.
Example - if one was on 20m SSB for 5 min and change to 15m band he/she must continue to operate on SSB for another 5 min before changing the mode to CW 15m.

8. Is it allowed to send logs in Cabrillo, Word, etc.?

You are encouraged to send log files in CABRILLO format.
Log files in any other electronic format are accepted too, but consider that the Contest Committee needs much more time to convert all files into an appropriate format. So, please try to make our life easier ? THANKS!

9 If I use computer logging should I send paper copy of my log?
The Contest Committee encourages participants to send logs by email or on floppy disc.

10. Is it allowed to send the summary sheet and QSOs log in the same file?
Yes! Contest Committee recommends putting the summary sheet information in the beginning of the file.

9 If I am not using a computer logging will the Contest Committee accept my paper log?
Yes, but consider that the Contest Committee needs much more time to convert all paper logs into an appropriate electronic format. So, we strongly advise participants to use computer logging and to send logs via e-mail. Participants who pretend to place in top three in their respective category MUST send an electronic log via e-mail.

10. I have done my logging on paper, shall I transform it into computer log?
Contest Committee encourages participants to submit their logs in electronic forms (email, floppy disk). You can use any text editor and submit ASCII file, but CABRILLO format is the preferable one.

11. Should I submit my log band by band or in chronological order?
Submit it as you want.

12. Should I count points and multipliers in my log?
As you want, but it isn?t necessary. The log-checking program will do it for you.

13. Should I mark duplicate QSO's in my log?
No, every QSO, even duplicate, should be put in the log. The log-checking program will mark duplicate QSO?s. They will count zero points, no penalty points will be applied. If the first QSO is invalid (e.g. wrong received exchange), the second QSO will give you necessary points or multiplier, if the received exchange is correct.

14. What shall I do if after the contest I notice that my computer clock is not correct - e.g. 7 minutes fast or slow, or is 1 hour ahead or back?
You have to correct this time shift in your log. If you will not, you may lose points.
Only QSOs with time difference up to 10 minutes in between both logs will be counted as valid.

15. If particular call in my log is unique will this QSO be counted as valid?
Yes, but the Contest Committee will check in detail all unique calls of the top three stations in every category. If the number of the unique calls found to be ?bad? exceeds 30 % of all unique QSOs in the log, then this log will be treated as check log. A unique call WILL NOT be counted as multiplier.

16. How can I get my UBN file (list of mistakes)?
You can receive your UBN report via e-mail from the Contest Committee upon request made only by e-mail.

17. Are the decisions of the Contest Committee final?
Yes, all decisions of the Contest Committee are official and final!

659. LZ DX CONTEST 2003 Rules

Yahoo group: LZRT
Date: 2003-10-16 07:20:42 UTC
From: Alexander Karadjov
Topic: 659 Message: 659

LZ DX CONTEST 2003

The Bulgarian Federation of Radio Amateurs has the honour to invite
amateurs all over the world to participate in the LZ DX CONTEST.
DATE and PERIOD:
The weekend before the last full weekend of November from 12:00 UTC
on Saturday till 12:00 UTC on Sunday (2003 22/23 November).
(i.e. during the weekend before CQWW CW contest weekend)

BAND and MODE:
80; 40; 20; 15 ; 10 m ; CW and SSB
It is necessary to observe IARU band plan.
Same station may be worked once on CW and once on SSB on each band. After changing the mode the entrant should stay on this mode for at least 10 min.
Band changes are allowed without restrictions.
During the band change the entrant must also observe the 10min rule
for mode !(example - if one was on 20m SSB for 5 min and change to
15m band he/she must continue to operate on SSB for another 5 min
before changing the mode to CW 15m)
Only one signal can be transmitted at any given time.

EXCHANGE:
For non LZ Stns: RS(T) + ITU zone
For LZ Stations: RS(T) + 2 letters district abbreviation

CATEGORIES:
A - Single Operator/Multi Bands/Mixed
B - Single Operator/Multi Bands/CW
C - Single Operator/Multi Bands/SSB
D - Single Operator/Single Band/Mixed
E - Multi Operators/Multi Bands/Single Transmitter/Mixed
F - Single Operator/Multi Bands/Mixed/QRP (max.10W)
G - SWL
Low power (max 100 W output) entrants will be marked with (*) sign

in final results.
Bulgarian stations are listed separately from foreign entrants.

POINTS:
10 points for each QSO with LZ station
3 points for each QSO with other continent
1 point for each QSO with the same continent (own country included)

SWL POINTS:
3 points for two call signs and two numbers
1 point for two call signs and one number

MULTIPLIER:
The sum of ITU zones + LZ districts on each band regardless of the mode

FINAL SCORE:
The sum of QSO points multiplied by final multiplier

PAPER LOGS:
Separate logs for each band + summary sheet are required.
Please, send your log to: BFRA, P.O.Box 830, 1000 Sofia, Bulgaria

ELECTRONIC LOGS:
Please, send your e-log (preferably in CABRILLO format) to E-mail:
lzdxc@...
contest@...

DEADLINE:
30 days after the contest (post seal being decisive)

AWARDS:
Top three scores in each category will be awarded a diploma.
Plaque will be awarded to top score (No.1) station in category A and
category E (separately for foreign and Bulgarian entrants).

REMARKS:
The total number of LZ districts is 28.
Here are the abbreviations of all 28 districts :
BU,BL,DO,GA,HA,KA,KD,LV,MN,PA,PD,PK,PL,RS,
RZ,SF,SL,SM,SN,SO,SS,SZ,TA,VD,VN,VT,VR,YA

Subject: [N1MM] Pseudo-support for LZ DX next weekend

If you want to use the logger for the LZ DX contest:

rules: http://www.qsl.net/lz1fw/contest/
(CW/SSB, ITU zones, 28 LZ sections, work station once per mode)

- Cut & Paste the text below into an ASCII file and name it LZDX.SEC
(It is important that the ASCII file end with a line feed, ie. the
last line has to be empty)
(If you don?t master this, then send me an E-mail with you adress,
and I will send you the file)
- Start a new contest type "QSOPARTY"
- Press "import section list" and choose LZDX.SEC
- choose sub-type AL from the pull-down list
(you can also use LA or ON, but change the ASCII file aswell)
- Fill in your ITU zone/LZ section under "Sent Exchange"
- Scoring will be wrong, but you will have the multiplier support in
"Score Summary" and "Multiplier by band" (under "other")
- Use Cabrillo for log submission, I think the contest sponsor can
sort the scoring out...
- After the contest and log submission re-import county.sec
using "import section list"
(this will restore the AL QSOPARTY sections)

Subject: Greeting from Italy

Dear all,

My name is Luca and I am from Taranto (Italy).

I am waiting for my call-sign and I belong to C.I.S.A.R. radioclub (Italian Radio Amateur Centre for Experimentation).

This radio club deals with 50MHz and VHF/UHF bands. We like building repeaters to use to link all over the South of Italy.

We would like to start some good relationship with your Radio Club and I invite you and your members to join to CISAR Taranto free mailing list which I am moderator sending an e-mail to:
cisartaranto-subscribe@yahoogroups.com

We have a local repeater linked by echolink and sometime I listen somebody from Canada and North America; our node number is 13 94 86.

It would be great to have more links between us and you, so come on, get on with it!

So friends I will wait for your replies.

Luca SWL I7-3390 TA
Tessera C.I.S.A.R. n? 5311
Taranto

Zdrawejte kolegi,

Nqkoj da e wivdal butoni kato pokazanite na snimkata ?
Da znae koj gi proizwevda, koj gi wnasq, koj gi prodawa, kxde gi ima na sklad ?
Trqbwat mi po-golemi kolichestwa, otkolkoto move da mi predlovi magazinxt,
kxdeto gi namerih.
Okazwa se, che ne e lesno da se namerqt i kachestweni i zdrawi butoni :(
Mnogo mi trqbwat za tekustata rabota.
Molq, pomognete s informaciq !
Blagodarq predwaritelno !!

Stiliqn,
LZ3BY

From: Stiliyan Stankow
Topic: 793 Message: 793

Zdrawejte kolegi,

Oste wednxv blagodarq - minaliq pxt popitah w spisxka za edni butoni

i wxprosxt se reshi. Zatowa sega se osmelqwam oste wednxv da popitam.

Nqkoj da e wivdal ili da znae nesto za antenata, koqto e pokazana na snimkata ?

http://noac.biz/antena.jpg

Towa, koeto znam e, che e osnowa na tankowa antena.

Move da se udxlvawa do 5 metra kato se nastawqt prxchki.

Izpolzwa se sxsto w nqkakwi woenni swxrzochni ili stroewi mashini.

Iskam da namerq proizwoditel ili dostawchik, za da q izpolzwam pri izkl`chitelno

tevki promishleni uslowiq. Opitah 6 wida anteni (za 150 MHz), no nisto ne ocelq.

Wibracii i padasti kamxni - po-losho ot bombardirowka :))

Tazi mi e poslednata nadevda :)

Blagodarq predwaritelno za wsqka informaciq !!

Subject: SP DX Contest 2004 - results

Hello,

My name is Tom, call sign SP5UAF. This year I am a member of the SP DX Contest Committe. This year results were presented two weekes ago during the annual meeting of the SP DX Club.

I noticed you are a webmaster ofthe BFRA website. Please find enclosed the complete results of stations from Bulgaria.

Complete results can be found at:
http://www.contest.spdxc.org.pl/res/2004/index.php

Contest statistics and all time records are located at:
http://www.contest.spdxc.org.pl/res/records/index.php

818. *** HAM RADIO EXCHANGE - SECOND HAND BULLETIN #2/19.Jan.2005***

Yahoo group: LZRT
Date: 2005-01-22 08:41:33 UTC
From: lz1ng@evrocom.net
Topic: 817 Message: 818

Привет на всички!
Миналата седмица имах проблем с кирилицата по вина на моя
провайдер, поради което последния Бюлетин #2 не можеше да
се декодира. :(((
Затова пускам отново Бюлетин #2. Надявам се вече да няма
проблеми. 73! Nick-LZ1NG

832. nqkoj da ima takiwa wisokogoworitelcheta ?

Yahoo group: LZRT
Date: 2005-02-03 12:45:23 UTC
From: Stiliyan Stankow
Topic: 832 Message: 832

Predwaritelno se izwinqwam za dosadata,
obache predishnite pxti kato pitah i imashe mnogo dobxr rezultat,
otgoworiha mi kolegi radioljubiteli, namerih si kakwoto txrseh.
Takiwa sme si nie, ham-owete, ljubezni hora :))))

Tozi pxt pitam move li nqkoj da mi pomogne,
txrsq malki wisokogoworitelcheta,
za wgravdane w edno ustrojstwo,
nqkoj da znae kxde ima ili koj gi predlaga ?

Elektricheskite parametri ne sa kritichni:
-impedansa moje da bude 8, 16 ili 32 oma (za predpochitane 8 oma)
-moshtnostta ne trjabva da e po-malka ot 1 Watt
-chestotnija spektur e srednochestoten 300-3400 Hz ili poveche, za gowor

Mehanichnite razmeri sa:
- diametur = 50 mm (moje da e po-malko)
- diametur na spulata = 32 mm (moje da e po-malko)
- wisochina 17 mm (moje da e do 20 mm)

Brojkite, koito mi trqbwat sa 35.

Predwaritelno blagodarq na wseki, kojto mi pomogne sxs sxwet !

From: LZRT@yahoogroups.com [mailto:LZRT@yahoogroups.com] On Behalf Of Zlati Dimitrov
Sent: Friday, November 18, 2005 7:13 PM
To: LZRT@yahoogroups.com
Subject: Re: {LZRoundTable} LZDX & K1EA ñîôòóåð

Благодаря на всички които ми отговориха - тук и на мейла!

Пожелавам на всички успех на контеста утре!

73! de LZ4ZD! Злати

P.S. Когато се отговаря директно от яху групата към мейл, вероятно
поради различия в енкодинга мейловете получени в abv.bg (а може би и в
други български уеб базирани пощи) бяха само с въпросителни. Дори
смяната на кодирането не помогна. Тогава изпратих мейла до другия ми
мейл (pop3) и който тегля с Outlook Express, атачмента отворих отново в
Outlook - всичко се разчете без проблем след като смених и там
енкодването на Windows (Cyrillyc).
Това да го отбележа, че май проблема не се явява само при мен а и при
други. С цялото ми желание да пиша на кирилица, ще се налага при
отговор към мейл от тук да ползвам шльокавица, за което се извинявам :)
При писане на reply в самата яху група - няма такъв проблем.

924. HA3NS Sprint Memorial Contest

Yahoo group: LZRT
Date: 2006-03-03 19:15:40 UTC
From: Ivan Ivanov
Topic: 924 Message: 924

Zdrawejte wsi4ki,
ne6to mi se skapa kirilicata, taka 4e se izvinyavam.
Polu4ih po-dolnata informaciya ot moya dobar priyatel Laci HA3NU.
Tozi memorialen kontest e v pamet na brat mu Janos HA3NS, gotin 4ovek
i gotin radiolyubitel, kojto si otide tvarde mlad, pokosen ot Rak.
Az samiya nyama da moga da vzema u4astie poradi angaziment, no ako
nyakoj ot vas moze, neka uvazi tova meropriyatie.

Ivan LZ1PJ

HA3NS Sprint Memorial Contest

- In memoriam of a great CW enthusiast, one of the founder of HACWG -

Date and time of the contest for this year: 17. March 2006 (Friday)

1st period 7MHz 19.30-20.00
2nd period 3.5MHz 20.00-20.30 MEZ (local HA time)

Band: 7010-7040 KHz and 3510-3560 KHz

Mode: CW only

Categories: Single op (single TX)

Exchange: 599 + membership number for HACWG members, 599 + NM to all other participants

Call for contest: „CQ NS”

QSY Rule: If any station make a QSO after a CQ or QRZ he/she have to QSY at least 1KHz
from that frequency to continue the competition.

Multiplier: no multipliers

Score: Each valid contact counts 1 point. The final score the is the total number of
valid QSO’s

Awards: A cup will be issued for the winner and awards for the 1-3 places

Log: Log must be contained: Date, UTC, Callsign, frequency, exchanged report
Sumary: Callsign, name, address, claimed score of the participant
E-log preffered (plain ASCII format) but floppy or paper also will be accepeted.
Logs must be sent no later than 15 days after the contest to:
Radio Club, 7100 Szekszard, P.o.Box 169, Hungary
E-mail: ha3kna@...

YM125ATA

Berkin AYDOGMUS, TA3J, will be QRV at 160, 80, 40, 20, 15, 10, 2 Meters and WARC bands, at all modes, between 23 April 2006 UTC 00:00 and 10 November 2006 UTC 23:59 from Antalya (KM56JU) with the special callsign YM125ATA for 125th anniversary of Mustafa Kemal ATATURK's birthday.

ATATURK was modern founder of Turkish Republic.

Berkin, TA3J has got written authorization from Turkish Republic Telecommunication Department of Mersin Site Management to use special callsign, YM125ATA.

The prefix of the special callsign is YM125 and the suffix is ATA.

QSL via Nilay Mine AYDOGMUS, TA3YJ, direct (only SASE and 1 IRC, no green stamps please) or by the bureau. No eQSL.

SWL QSL cards are OK.

QSL Manager:
Nilay Mine AYDOGMUS, TA3YJ
P.O. Box 876
35214
Izmir - TURKEY

Subject: ward award
Importance: High

Dear Friend,

Attached please find the rules and a scan of the WARD 2006 Award. The Award is issued by the Polish Radio Amateur Union
(PZK) and the Polish Radio Amateurs' Journal MK QTC. Please, kindly pass the rules to other radio amateurs. Thank you.

73s,

Sylwester Jarkiewicz SP2FAP
MK QTC, Editor & Publisher

http://ward-award.prv.pl/

World Amateur Radio Day 2006 Award

Amateur Radio: A gateway to information and communication technologies for today's youth.

1. The WARD Award is designed to commemorate the World Amateur Radio Day celebrated by IARU on 18 April each year.

2. It is issued by the MK QTC, Polish Radio Amateurs' Journal, with support of PZK, Polish Amateur Radio Union.

3. WARD will be granted for at least the following numbers of contacts:

either 10 QSO's on HF bands, or either 5 QSO's on VHF bands.
All contacts must be made between 00:00 and 24:00 UTC on 18 April 2006.

4. Send a standard application form (log extract), including the list of QSO's, to:

The Radio Amateurs' Journal MK QTC
Suchacz-Zamek - Wielmozy 5b
82-340 Tolkmicko, Poland

on or before 31 May.

5. The price of the WARD Award is USD 6 or 5 euros.

6. Full-colour Award, size: 210 x 297 mm.

7. The WARD Award is also available to SWL's for the same numbers of reports.

945. Amedee Lighthouse activation

Yahoo group: LZRT
Date: 2006-07-04 23:07:40 UTC
From: Vladimir Radev
Topic: 945 Message: 945

Amedee Lighthouse activation (FK-0147), sponsorred
by A.R.A.N.C (Association Radio Amateur en Nouvelle Caledonie) and for
celebrating the 140th anniversary of this lighthouse, FK8DD will be TX1A from
21st july to 31st july 2006, the equipment will be 2 transceivers, dipoles for
80m and 40m, multiband T2FD and a vertical Cushcraft antenna R7 with power 100 watts.
Tfc will be mainly held in CW and some SSB if condx are good, frequenciesfm 10m to
160m (unfortunately, excepted 6m...) in the beginning of CW bands.

QSL via

LZ1JZ - Tony Stefanov, P.O Box 43, 6450 HARMANLI, BULGARIA

947. TX1A - Amedee Lighthouse,New Caledonia

Yahoo group: LZRT
Date: 2006-07-04 13:25:38 UTC
From: Tony Stefanov
Topic: 944 Message: 947

Amedee Lighthouse activation (FK-0147), sponsorred by A.R.A.N.C (Association Radio Amateur en Nouvelle Caledonie) and for
celebrating the 140th anniversary of this lighthouse, FK8DD will be TX1A from
21st july to 31st july 2006, the equipment will be 2 transceivers, dipoles for
80m and 40m, multiband T2FD and a vertical Cushcraft antenna R7 with power
100 watts. Tfc will be mainly held in CW and some SSB if condx are good,
frequencies fm 10m to 160m (unfortunately, excepted 6m...) in the beginning of
CW bands.

964. EUCW 160 M contest

Yahoo group: LZRT
Date: 2007-01-04 11:09:16 UTC
From: Ivan Ivanov
Topic: 964 Message: 964

slednata informaciya e ot Maurice, F5NQL.
Uspeh na tezi, koito shte vzemat uchastie.

73, Ivan LZ1PJ

Hi EUCW friends

EUCW 160m CW contest event sponsored by the Union Fran?aise des T?l?
graphistes - UFT:
This open contest will happen on next saturday Jan 6th from 20H00 to
23H00 UTC and Sunday 7th, from 04H00 to 07H00 UTC.

The complete rules are available at : www.uft.net, in French
language or in yours if you use the translator tool.

The rules are also available in several languages, under the help
pages of the free software written by Alain, F6ENO, to support this
contest : http://perso.orange.fr/f6eno/index.htm . Each is
encouraged to use it, for it writes the correct cabrillo log.
Using computer for submitted logs is mandatory, over 40 QSO. Paper
logs with more than 40 QSO will be counted as checklogs.

Thanks to our CQ Russia friends, Russian rules are also available
at : www.qrz.ru/contest/

Other German and English language rules on the EUCW website,
sponsored by the AGCW at : http://www.agcw.org/eucw/d/Deu160.html or
http://www.agcw.org/eucw/eu160.html

Thanks the Keymen of Japan inc., the rules are now available in
japanese language
at :http://www.kdxc.net/contest/contest_rules_eucw_160.php.

To day, the Official stations (counting each 10 points per QSO) are :
HB9HC for the HTC, operated by Rolf HB9CNU and Ruedi HB9CQL , QTH
nr B?le
F8UFT for the UFT, operated by Jean-Louis, F6GCT, QTH near Paris.

We hope to see a lot of other joining them in this contest.
We ask too, the EUCW Societies which will enter the contest by their
official stations to inform , as soon as possible, Ghislain, F6CEL,
to make easier the log checking.

Enjoy the top band and send your log (cabrillo preferred) up to
February 15th to Ghislain, F6CEL at : f6cel@...

Many thanks for your participation, 73, 88
The UFT, EUCW 160m Gang organizer:

Ghislain F6CEL, Alain, F6ENO and Maurice, F5NQL

Amis de l'EUCW bonjour

Le concours ouvert " EUCW 160m CW " parrain? par l'UFT se tiendra les 6 janvier de 20H00 ? 23H00 UTC et dimanche 7 janvier de 04H00 ? 07H00 UTC.

Le r?glement complet est disponible en fran?ais sur le site de l'UFT ? : : www.uft.net, ou dans votre langue si vous utilisez l'outil de traduction en ligne.

Ce r?glement est disponible en plusieurs langues ?galement dans les pages d'aide du logiciel - gratuit - ?crit par Alain, F6ENO, sp?cialement pour ce concours, et t?l?chargeable ? : http://perso.orange.fr/f6eno/index.htm .

Nos amis de CQ Russia ont traduit le r?glement en russe et l'ont mis en ligne ? : www.qrz.ru/contest/

Nos amis de l'AGCW ont mis sur leur site une version en allemand et une version en anglais du r?glement, disponibles ? : http://www.agcw.org/eucw/d/Deu160.html ou http://www.agcw.org/eucw/eu160.html

Tr?s ? l'est, nos amis des Keymen of Japan inc., ont traduit le r?glement en japonais ; il est disponible ? : http://www.kdxc.net/contest/contest_rules_eucw_160.php.

Aujourd'hui deux stations officielles de Soci?t?s EUCW ont annonc? leur participation :
HB9HC pour le HTC, operateurs Rolf HB9CNU et Ruedi HB9CQL , QTH pr?s de B?le
F8UFT pour l'UFT, op?rateur Jean-Louis, F6GCT, QTH pr?s de Paris.

Nous esp?rons voir de nombreuses autres stations (valoris?es ? 10 points par QSO) les rejoindre dans ce concours.

Nous demandons aussi aux Soci?t?s EUCW, qui participeraient par l'interm?diaire de leurs stations officielles, d'avertir sans tarder, Ghislain, F6CEL, correcteur du concours, pour lui faciliter la t?che. Le log informatis? est obligatoire au dessus de 40 QS0. Les logs papier comportant plus de 40 QSO seront compt?s comme logs de contr?le.

Prenez plaisir sur la top band et n'oubliez pas d'envoyer votre log (format Cabrillo de pr?f?rence) pour le 15 f?vrier 2007 ? Ghislain, F6CEL ? : f6cel@wanadoo.fr

Remerciements chaleureux, 73, 88

Les UFT, organisateurs de l' EUCW 160m :
Ghislain F6CEL, Alain, F6ENO and Maurice, F5NQL

984. LZ DX Contest Logging - Info ot EI5DI

Yahoo group: LZRT
Date: 2007-11-17 09:47:02 UTC
From: Boytcho Hadshiyski
Topic: 984 Message: 984

Hello OM,
This is to let you know that LZDX entrants using SD should
use an updated version of SDCHECK to prepare their Cabrillo
logs.
It is numbered V13.31 and is available at
www.ei5di.com/sd/sdcheck.zip
I'm sorry for any inconvenience.
73,
Paul EI5DI

Subject: From China

Hello!

I am Beijing's Wang Tong, relates with mine various countries' ARDF friend is very happy, hoped that my ARDF friend can support me, I is willing to serve for various countries' ARDF friend. Now our company's ARDF newest product introduced that wants to recommend to each ARDF friend, hoped that my ARDF friend gains the good luck in 2008 competition, transports greatly in 2008. Hoped that you can like me and our company's product.

Thanks!

Здравейте,

Получих информация, че предишните писма не се четат, затова ги повтарям.

Получаването на това писмо от вас означава две неща:
1. е-мейл рефлектора на Bulgarian LZ Round Table работи.
2. вие сте в списъка на членовете на този мейл рефлектор.

Правилата за ползване на рефлектора са налични в Интернет на адрес
http://www.lz1fw.com/LZRT/r.html

За ваше улеснение съм ги копирал в края на това писмо..

Какво ще става по-нататък зависи от вашете желания и действия.

73
Сашо, LZ1FW
ОСНОВНИ ПРАВИЛА ЗА ЧЛЕНОВЕТЕ НА "Bulgarian LZ Round Table Chat"

1. Рефлектора се явява средство за установяване и поддържане на човешки и приятелски контакти, за културно обсъждане на въпроси с широка радиолюбителска тематика - работа на КВ и УКВ, DX, QSL-info, състезания, награди, любителски конструкции, радиотехника, прохождение, експедиции, административни въпроси отнасящи се към радиолюбителски организации и т.н.

2. Официален език на рефлектора е Българския.

3. В рефлектора абсолютно се забранява:
а) унижаване на човешкото достойнство под каквато и да е форма - национална, религиозна, расова и т.н;
б) употребата на фрази и изражения с нецензурно съдържание;
в) пропагандиране на омраза в каквато и да е форма;
г) пускането на информации с порнографско съдържание;
д) даването на информация пряко или коствено нарушаващи авторското право, в частност пращането на информации съдържащи серийни номера и кракове за комерсиални софтуерни продукти;
е) изпращането на всякакви ATTACH-нати файлове;
з) застрашаването или нарушаването по какъвто и да било начин сигурноста и конфорта на останалите членове.

4. На участниците в рефлектора се препоръчва:
а) да използват кодиране "Windows-1251" при писане на кирилица;
б) да изполват в писмата си само разбираеми за болшинството участници езици: български, руски и английски;
в) да пускат в него писма само в текстов формат (plain text, а не HTML);
г) да ограничават съобщенията си до размери не повече от 45 kB. За по-големи файлове, моля указвайте адреса от където тези файлове могат да бъдат

намерени и прочетени;
д) да се въздържат от лични разправии и уреждане на лични сметки помежду си в рефлектора. Моля тези неща да се правят с писма адресирани персонално до съответната личност;
е) да не пускат в него "virus hoaxes" и "chain letters", т.е. писма съдържащи в себе си изречения подобни на "Please send this e-mail to as much persons as possible".

5. Включването на нови членове става чрез писмо до адрес: LZRT-subscribe@yahoogroups.com. Заявките за включване се обработват от "Yahoo! Groups" без намеса на модератора. Известно време след това ще получите е-майл с молба да потвърдите заявката си. Необходимо е да отговорите с REPLY на това писмо.

6. След включването си в групата новите членовете получават само правото да са "SWL" - слушатели, т.е. да получават писмата изпращани в рефлектора. Правото самите те да изпращат писма им се предоставя след като те се представят (съобщят данните за себе си - повиквателен знак и/или име) на е-майла посочен в края на този текст.

7. Писмата до този рефлектор се адресират до LZRT@yahoogroups.com. Цензура в този рефлектор няма. Съобщенията на членовете на групата, изпълнили процедурата в точка 6, се препращат към всички останали моментално, без предварително им одобряване от страна на модератора.

8. Писмата на всички останали, включително и нечленове на LZRT, изпратени до LZRT@yahoogroups.com се пускат в рефлектора след одобряването им от модератора.

9. Отговора с REPLY на писмо, получено от рефлектора, се изпраща само до автора на писмото. При желание този отговор да стане достояние на всички е необходимо той да се преадресира собственоръчно до LZRT@yahoogroups.com.

10. Всички членове имат право на свободно изказване в рефлектора на всички свои мисли съответстващи на тематиката на рефлектора (виж точка 1) с изключение на случаите описани в точка 3 като при това се съобразяват с написаното в точка 4.

11. При нарушаване на правилата на рефлектора модератора привежда нарушителя в "SWL" режим, като го известява персонално за това.

12. Архива на писмата, пуснати в рефлектора е публичен, актуализира се автоматично от "Yahoo! Groups" в момента на минаването на писмото през рефлектора и може да се види на: http://groups.yahoo.com/group/LZRT/messages.

13. Прекратяването на членството става с писмо: до LZRT-unsubscribe@yahoogroups.com. След известно време ще получите по е-майла отговор от сървера с молба да потвърдите заявката си за изключване. Без да изменяте нищо да върнете писмото на изпращача с REPLY.

14. "Yahoo! Groups" дава възможност за управление на режима за получаване на писмата. Например, ако желаете писмата изпратени в рефлектора за едно

денонощие да се групират и вие да ги получавате всичките накуп, то пратете писмо на адрес LZRT-digest@yahoogroups.com. В резултат ще получавате писмата веднъж на 24 часа. Ако искате да се върнете в нормалния режим, когато всяко писмо ви се изпраща без забавяне, то изпратете писмо до адрес LZRT-normal@yahoogroups.com Ако за определен период не желаете да получавате писма от рефлектора, то изпратете писмо до LZRT-nomail@yahoogroups.com. Връщането в нормалния режим на доставка става с изпращане на писмо до LZRT-normal@yahoogroups.com.

15. Основните правила за поведението на членовете на "Bulgarian LZ Round Table" се намират на адрес http://groups.yahoo.com/group/LZRT/files/policy.txt и се актуализират периодично. Последната промяна е направена на 18 октомври 2002 година.

16. За всички въпроси, на които не сте намерили отговор, пишете на адреса, посочен най-отдолу.

Здравейте,

едно съобщение за радиолюбителска среща, проведена в София на 10.09.2011. Аз чух обявата за срещана на УКВ (R1), но не успях да присъствам.
Съобщението е цитирано буквално така, както е публикувано във форума на БФРЛ от LZ1NY http://forum.bfra.org/viewtopic.php?f=1&t=1064

Списъка на обсъжданите теми впечатлява.

73, Сашо

Среща на радиолюбители
от LZ1NY » 14 Сеп 2011, 17:33

На 10.09.2011 се проведе среща на радиолюбители в района на радиоклуба LZ1KZX на читалище Светлина.
В горещия съботен следобед се събраха над 25 радиолюбители (и радиолюбителки...).

Срещата започна с минута мълчание по тъжен повод - кончината на наш колега LZ1....

В залите на радиоклуба или просто под сенките на близката градинка бяха обсъдени доста теми:

- развитие на репитерната мрежа в България - законови, инженерно-технически, финансови, организационни аспекти
- съществуването на линкове и ретранслирането от/към честоти в 2-метровия обхват, използвани предимно за локални връзки
- дейността на радиолюбителите при бедствия и аварии,
- работата на БФРЛ с децата
- APRS в България
- връзките с "НУРТС България" АД и БТК АД
- връзките на радиолюбителите и БФРЛ с други ведомства - КРС и МВР за разрешаване на проблеми, например: смущения по радиолюбителските обхвати или при конфликти между радиолюбители и служители на МВР по повод притежаването и използването на радиостанции

Пишещият тези редове, като член на УС на БФРЛ имаше удоволствието да приеме всички похвали, отправени към Федерацията!
.....всъщност много повече бяха забележките и препоръките към дейността на БФРЛ....
Но това е нормално, когато насреща си имаш кореспонденти - амбициозни, знаещи и можещи хора, с идеи за развитието на хобито!

Някои от присъстващите изявиха желание да споделят своите мнения по обсъжданите въпроси с УС на БФРЛ и това ще стане на следващото заседание, което както и другите заседания ще бъде открито за всички радиолюбители.

На срещата част от присъстващите отделиха от личните си средства сума в размер 210 лева, с която да бъде покрита част от разходите по подръжката и ремонта на репитрите.73! Виктор / LZ1NY

994. 20 лет

Yahoo group: LZRT
Date: 2011-09-20 16:25:10 UTC
From: Sasho LZ1FW
Topic: 994 Message: 994

Здравейте,
От Константин, RT3A (ex RU3AA) дойде информация, че във връзка с 20-тата годишнина от независимостта на Армения на 21.09.2011 радиолюбителите от Армения ще използват специален префикс EK20.
QSL картичките за радиовръзките със специалните радиостанции трябва да се изпращат на адрес:
0002, Армения, Ереван, P.O. box 22.

За получаване на електронна нерсия на диплома "День независимости Армении" е необходимо да се направят 20 QSO (или да се пратят 20 SWL рапорта за радиовръзки) със специалните радиостанции на различни обхвати, включително WARC обхватите, и различни видове работа: CW, SSB и Digital.
Заявки за дипломата се изплащат на адреса на диплом мениджъра ek7dx@yahoo.com.

Оригиналното съобщение следва отдолу.

73, Сашо
LZ1FW

Приветствую, Сашо!

Отправил письмо для подписки на LZRT@yahoogroups.com , но ответ пока не пришел. Есть такая информация для радиолюбителей Болгарии:

В связи с 20-летием независимости Армении 21 сентября радиолюбители Армении будут использовать специальный префикс EK20. QSL за радиосвязи со специальными радиостанциями необходимо высылать на адрес:
0002, Армения, Ереван, P.O. box 22.

20 QSO-SWL со специальными радиостанциями на различных диапазонах, включая WARC, и различными видами модуляции CW, SSB и Digital засчитываются для получения электронной версии диплома "День независимости Армении".
Заявка высылается в адрес менеджера: ek7dx@yahoo.com

1003. avoid causing QRM to emergency traffic on 7.092 MHz USB

Yahoo group: LZRT
Date: 2011-10-26 18:41:11 UTC
From: Sasho LZ1FW
Topic: 1003 Message: 1003

На 23-ти октомври в 10:41 UTC земетресение със сила 7.2 удари район Ван в Източна Турция, пречинявайки големи много човешки жертви и стотици нещастни случаи. Радиолюбителите от Турската национална радиолюбителска организация TRAC се отзоваха подпомагайки комуникациите в засегнатите райони.

Използват се няколко честоти на къси вълни за връзка с правителствени организации, като част от честотите са извън радиолюбителските обхвати или не се използват по характерния за радиолюбителите начин. След доставка на повече техника в засегнатите райони аварийния трафик ще се пренасочи чрез Центъра за аверийни комуникации на стандартните честоти за действия при бедстствия и аварии.

Моля не създавайте QRM на честотите за спешен трафик 7.092 MHz USB. Използването на горна лента USB е за да се осъществи комуникацията с правителствените радиостанции.
След постъпването на повече информация от TRAC тя ще бъде публикувана на сайта на IARU,

Горното е доста свободен превод на написаното на сайта на IARU първи район:
http://www.iaru-r1.org/index.php?option=com_content&view=article&id=869:turkey-earthquake-23-oct-11&catid=48:emcom&Itemid=99

On 23rd October at 10.41UTC a magnitude 7.2 earthquake struck the Van region of Eastern Turkey causing great loss of life and hundreds of casualties. Radio Amateurs from the Turkish national society TRAC are responding to assist with communications in the area.

There are some frequencies in use on HF, currently used to link with Government resources and this is meaning that some frequencies outside the amateur bandplan and normal usage are being used until more equipment gets to the region. When this happens, more traffic should move to the normal Emergency Communications Centre of Activity frequencies.

Please avoid causing QRM to emergency traffic on 7.092 MHz USB. USB is being used to allow communications with a government station. More information will be posted on this website when it is available from TRAC.

1005. LZ123ZOO

Yahoo group: LZRT
Date: 2011-11-05 22:00:33 UTC
From: Sasho LZ1FW
Topic: 1005 Message: 1005

До края на тази година от Зоологическата градина в София ще работи радиостанция със специален инициал LZ123ZOO. Инициала е в чест на 123 годишнина от съществуването на Софийската зоологическа градина.

Радиостанцията е разположена близо до павилион за закуски и безалкохолни напитки, намиращ се до клетките на маймуните. QTH locator KN12PP, точни географски координати N42 39.439 E23 19.998.

Радиостанцията е оборудвана с 100W трансивър YAESU FT-897 и антена GP за 14, 21 и 28 MHz.

Лиценза за LZ123ZOO е взет от LZ5VV, Ивайло Маринов, за времето от 17.10.2011 до 31.12.2011

информация за LZ123ZOO

До края на тази година от Зоологическата градина в София ще работи
радиостанция със специален инициал LZ123ZOO. Инициала е в чест на 123
годишнина от съществуването на Софийската зоологическа градина. Лицензa за
LZ123ZOO е даден от Комисия за регулиране на съобщенията на LZ5VV, Ивайло
Маринов, за времето от 17.10.2011 до 31.12.2011.

Радиостанцията е разположена близо до павилион за закуски и безалкохолни
напитки, намиращ се до клетките на маймуните. QTH locator KN12PP, точни

географски координати 42 градуса 39.439 минути северна ширина и 23 градуса 19.998 минути източна дължина. Надморската височина на мястото, от където работи LZ123ZOO е около 594 метра над морското равнище.

Радиостанцията е оборудвана с 100W трансивър YAESU FT-897 и антена GP за 14, 21 и 28 MHz.

Работата на LZ123ZOO се организира от LZ5VV, LZ1GL и LZ1DLZ. Радиостанцията работи на открито, затова до края на годината се очаква да работи още не повече от 2 или 3 дена.

Главните условия за работата на LZ123ZOO са:
- хуваво време: ако не е топло, поне да е слънчево;
- предпочитани дни са събота и неделя, когато има повече хора в зоологическата градина;
- необходимо условие за работата на LZ123ZOO е и да има доброволци радиолюбители оператори, които да имат желание да поработят от този инициал.

QSL картички ще се има за всички осъществили радиовръзка с LZ123ZOO. Станцията няма QSL мениджър, така че изпращайте QSL картичките до QSL бюрото на БФРЛ.

Дата и място на провеждане на следващия изпит за радиолюбители

На 06.12.2011 г. (вторник), от 10.00 часа в сградата на Комисията за регулиране на съобщенията (КРС), на ул. „Гурко” № 6, в залата на 3 етаж ще се проведе изпит за придобиване на правоспособност за радиооператори - любители клас 1 и клас 2. Изпитът се организира съгласно чл. 20 от Техническите изисквания за осъществяване на електронни съобщения чрез радиосъоръжения от любителската радиослужба (http://www.crc.bg/files/_bg/Tech_izisk_radiolub_2011_09_09.pdf)

Кандидатите за полагане на изпит подават заявление по образец (http://www.crc.bg/files/_bg/Z207-2011.pdf), в срок не по-късно от 2 дни преди обявената дата на изпита, като заплащат определената такса (http://www.crc.bg/files/_bg/taxi_radiolubiteli-2011.pdf).

Документите могат да се подадат и по електронен път чрез използването на Електронния портал на КРС (http://crc.bg/section.php?lang=bg&id=941). Порталът Ви дава възможност за достъп до електронните административни услуги (ЕАУ). Изискванията за достъп са предварителна регистрация за ползване на ЕАУ и валидно удостоверение за квалифициран електронен подпис. Изискванията и начинът на ползване на портала може да откриете на: http://crc.bg/section.php?lang=bg&id=941

1007. LZ1BFR buletin 42 - 15.11.2011

Yahoo group: LZRT
Date: 2011-11-15 20:53:44 UTC
From: Sasho LZ1FW
Topic: 1007 Message: 1007

Здравейте,

Бюлетин на LZ1BFR номер 42 от 15.11.2011 година можеда да чуете в Интернет на адрес http://www.lz1fw.com/LZRT/BFRA_buletins/20111115_42.mp3

Съдържание на бюлетина

Решения от заседанието на Управителния съвет при БФРЛ, проведено на 11.11.2011 в град София.

Присъствали: УС - LZ3NN, LZ3NY, LZ1IK, LZ2UU, LZ1PJ, LZ3AI, LZ1BJ. От КС - LZ1JK, LZ1CY. Гости - LZ1VVD, LZ1WKW, LZ1US, LZ1JKU, LZ2UX, LZ1GL, LZ1VVV, LZ1YQ, LZ3CQ, LZ5WF. Секретар протоколчик LZ1ZQ.

Решения:
1. обсъждане на място и време на присъствено КВ състезание 2012 година - избира се организационен комитет в състав LZ1YQ, LZ1JK, LZ1IK, LZ3CQ, LZ3NN, LZ3CB, LZ4RR, K1LZ. Организационния комитет трябва да проучи възможните места за присъственото КВ състезание през 2012 година.
2.
- Обсъждане на КВ/УКВ/HST/ARDF мероприятията през 2012 година. Приема единодушно спортния календар на БФРЛ за 2012.
- Приема band plan-а на IARU-1, възлага се на LZ1US да до преведе и помести в сайта на БФРЛ.
- Възлага на LZ1BJ да проучи въпроса кои от дипломите на БФРЛ ще се издават в бъдеще и при какви условия.
- Приема европейското първенство през 2012 година да се проведе в България, ако то не се проведе в Швейцария и ако изпълнителния комитет на IARU-1 предложи това на БФРЛ

3. предварителен отчет по дейностите през 2011 по различни направления
- управителния съвет приема отчетните доклади от отговорниците по различните видове радиоспортове
- управителния съвет приема условията за LZ DX Contest да останат такива, каквито са в момента

4. ремонт на новия офис на БФРЛ
- управителния съвет приканва всички радиолюбители, които имат собствен бизнес да помагат за ремонта на новото помещение на БФРЛ
- управителния съвет ще предостави на желаещите IBAN на сметка на БФРЛ, на която могат да превеждат парични средства
- възлага на LZ1BJ да помести в сайта на БФРЛ информация за платилите членски внос към БФРЛ за 2011 година
5. обсъждане промени по сайта на БФРЛ
- упълномощава LZ3AI да пусне в сайта на БФРЛ за изискванията, към тези които пишат в сайта - http://forum.bfra.org/viewtopic.php?f=11&t=1097

6. репитърната мрежа в страната
- възлага на LZ1NY съвместно с LZ1LSD да сформира група, която да отговаря, посещава и следи за изправността на репитрите към БФРЛ, а също така и за другите радиолюбителски репитри ако отговорниците им пожелаят това.

7. Разни
- управителния съвет възлага на LZ3NN да изготви писмо до Министерството на физическото възпитание и спорта за награждаване на медалистите от световни, европейски и балкански първенства по видовете радиоспортове за 2011 година
- приема сдружение с нестопанска цел "Технотрон" радиоклуб LZ2KSC ,град Варна, за член на БФРЛ
- упълномощава LZ3NN да разговаря с представител на Министерството на отбраната за връчване на дипломите на наградените от МО радиолюбители
- УС приема новогодишната радиолюбителска среща да се проведе на 16.12.2011
- призовава желаещите радиолюбители и представители на радиоклубове да влезат във връзка с Общинските съвети по места и да разговарят с какво може да им се помогне при аварии и бедствия от страна на радиолюбителите
- приема и утвърждава необходимите документи за преиздаване на спортната лиценция на БФРЛ от Министерството по физическо възпитание и спорт и възлага на LZ3NN да ги внесе в деловодството на МФВС

8. приема финансовия бюджет на БФРЛ за 2012 година

Информация за тези, които пишат в сайта на федерацията

16 декември (петък) от 18:30 часа - БФРЛ организира предколедна новогодишна радиолюбителска вечер, клуб-ресторант "Финансист", София, Министерство на Финансите, пети етаж, улица "Раковски" 102, вход откъм улица "Беновски" зад Министерството на отбраната и Народния театър, куверт с два билета за томболата е 25 лева

Кратко съдържание на бюлетин 45:

Честит празник на всички именници по случай Никулден!

Променя се датата на организираната от БФРЛ предколедна новогодишна радиолюбителска вечер от петък, 16.12.2011 на сряда, 21.12.2011. Часа и мястото не се променят - от 18:30 часа в клуб-ресторант "Финансист", София, Министерство на Финансите, пети етаж, улица "Раковски" 102, вход откъм улица "Георги Бенковски" зад Министерството на отбраната и Народния театър, куверт с два билета за томболата е 25 лева. За музиката ще се грижи Иво, LZ2DJA, Промяната на датата се налага поради това, че на 16.12.2011 година е Новогодишната вечер на самото Министерство на финансите. Тези, които са закупили куверт, а не могат да присъстват на празненството на 21.12.2011, нека се обадят своевременно в БФРЛ, за да си получат парите обратно.

След 01.12.2011 вече могат да се подават заявления за специални, юбилейни или контест инициали, които ще се използват през 2012 година.

Днес, 06.12.2011, КРС съвместно с БФРЛ проведе изпити за клас 1 и клас 2. От заявилите желание 35 кандидата на изпита се явиха 29. От тях 27 успешно издържаха изпита. Двамата скъсани имаха много повече от допустимите 12 грешни - единия бе с 19, а другия с 24 грешки. Скъсаните на този и на предишни изпити за радиолюбителски клас имат право да се явят на следващия изпит, който може би ще се проведе през месец февруари 2012 година. След 6 месеца успешно издържалите този изпит могат да се явят на изпит за радиолюбителски клас 1. Напомняме, че документи за изпити за радиолюбителски клас трябва да са подадени най-късно два дни преди датата на изпита. Изключения не се допускат. Ден преди изпита на 05.12.2011 са били подадени няколко заявления, но нито един от подалите на този ден не е бил допуснат до изпит.

Радиоклуб LZ1KZX, при читалище "Светлина", град София, отново работи активно от 21.11.2011 година. Радиоклуба е отворен за всички радиолюбители от София и от страната. Началник на радиоклуба е Иван, LZ2HT. Адреса на радиоклуба е читалище "Светлина", квартал "Стрелбище", улица "Тулча 20". За повече информация - LZ3ZX, GSM 0888665583 или на http://svetlina1940.org/radioclub/

По-важни КВ състезания през тази събота и неделя:
условия за ARRL 10 m Contest, 10-11.12.2011 -
http://www.arrl.org/10-meter
условия за 8-мия Коледен късовълнов турнир "Електрон Прогрес" 26.12.2011

УСЛОВИЯ за провеждане на Осмия Коледен КВ турнир "ЕЛЕКТРОН ПРОГРЕС" 2011
EP Christmas Contest
организиран от Радиоклуб LZ1KIA при фирма "ЕЛЕКТРОН ПРОГРЕС" АД - СОФИЯ
с любезната подкрепа на БФРЛ

От миналата 2009 година състезанието се провежда по нови условия: телеграфният и телефонният тур се редуват през година, като тази година ще се проведе телетлафния тур. Денят на провеждане е втория ден на Коледа. Тази година има промяна в началния час на състезанието, честотния обхват, броя на участниците в категория А и максималната мощност.
1. Време:
Състезанието ще се проведе на 26 декември 2011 година, понеделник, от 0900 LZT до 1100 LZT на CW.
2. Честотен обхват:
Радиовръзките на CW се осъществяват в участъка от 7010 до 7040 kHz.
Повторение на радиовръзките с един и същи кореспондент се разрешава след интервал не по-малък от 30 минути.
3. Категории участници:
А - Радиостанции, членове на LZ1KIA (настоящи и бивши) и първите десет от категория В в миналогодишното издание на турнира
В - Радиостанции с един оператор и максимална мощност до 100 W

Радиостанциите в категория А предават поредния номер на радиовръзката и буквите EP ("ЕЛЕКТРОН ПРОГРЕС"), започвайки от 001 EP.
Радиостанциите в категория В предават поредния номер на радиовръзката и поредния номер на радиовръзката на предишния кореспондент, започвайки от 001 000.

4. Точки и множители:
За радиовръзка със станции, предаващи EP - 5 точки
За радиовръзка с всички останали участници в състезанието - 1 точка
За множител се счита броят на работените различни радиостанции, предаващи EP (ЕЛЕКТРОН ПРОГРЕС).

5. Краен резултат:
Сумата от точките за радиовръзки, умножена по сумата от множителите.

6. Класиране и награди:
Класацията на състезателите е обща за двете категории (А и В). Класиралите се до трето място (независимо от категорията) получават сертификат и предметна награда. Първите десет от категория В придобиват правото да участват в следващия турнир в категория А.
Всички състезатели, изпратили отчети, получават сертификат за участие в турнира.

7. Радиостанции, предаващи ЕР:
7.1. Членовете на LZ1KIA:
LZ1IA, LZ1PKS, LZ1QW, LZ1RSS, LZ1XE, LZ5WF,

7.2. Първите десет от категория В в миналогодишния турнир, които придобиват правото да участват в категория А, по реда на класирането са:
LZ3FM, LZ2WE, LZ2MR, LZ2WSG, LZ2GG, LZ1KPP, LZ1DM, LZ1QZ, LZ1FIA, LZ1KP

8. Отчети:
В срок от две седмици след състезанието, желателно във формат Cabrillo, изпратете отчетите на E-mail: lz1ia@yahoo.com
За отчетите на хартия се изисква заглавна страница. Изпратете отчетите на адрес: СОФИЯ 1309, POBox 28, Иван Александров

Тъй като се прави електронна проверка, времето в отчетите трябва да бъде LZT (българско време)

весела Коледа

УСЛОВИЯ за провеждане на Осмия Коледен КВ турнир "ЕЛЕКТРОН ПРОГРЕС" 2011 (EP CHRISTMAS CONTEST),
организиран от Радиоклуб LZ1KIA при фирма ”ЕЛЕКТРОН ПРОГРЕС” АД - СОФИЯ с любезната подкрепа на БФРЛ

От 2009 година телеграфният и телефонният тур се редуват през година, като тази година ще се проведе телеграфния. Денят на провеждане е втория ден на Коледа. Има промяна в началния час и в обхвата.

1. Време:
Състезанието ще се проведе на 26 декември 2011 година, понеделник, от 0700

UTC до 0900 UTC (0900 LZT до 1100 LZT) на CW.

2. Честотен обхват:
Радиовръзките на CW се осъществяват в участъка от 7010 до 7040kHz.
Повторение на радиовръзките с един и същи кореспондент се разрешава след интервал не по-малък от 30 минути.

3. Категории участници:
A - Радиостанции, членове на LZ1KIA (настоящи и бивши) и първите десет от категория B в миналогодишното издание на турнира.
B - Радиостанции с един оператор и максимална мощност до 100W.
Радиостанциите в категория A предават поредния номер на радиовръзката и буквите EP ("ЕЛЕКТРОН ПРОГРЕС"), започвайки от 001EP.
Радиостанците в категория B предават поредния номер на радиовръзката и поредния номер на радиовръзката на предишния кореспондент, започвайки от 001000.

4. Точки и множители:
За радиовръзка със станции, предаващи EP - 5 точки
За радиовръзка с всички останали участници в състезанието - 1 точка
За множител се счита броят на работените различни радиостанции, предаващи EP (ЕЛЕКТРОН ПРОГРЕС).

5. Краен резултат:
Сумата от точките за радиовръзки, умножена по сумата от множителите.

6. Класиране и награди:
Класацията на състезателите е обща за двете категории (A и B). Класиралите се до трето място (независимо от категорията) получават сертификат и предметна награда. Първите десет от категория B придобиват правото да участват в следващия турнир в категория A.
Всички състезатели, изпратили отчети, получават сертификат за участие в турнира.

7. Радиостанции, предаващи EP:
7.1. Членовете на LZ1KIA:
LZ1AO LZ1AJ LZ1BAW LZ1CE LZ1CCC LZ1IA LZ1IM LZ1IU LZ1MDM LZ1PKS
LZ1QW LZ1RSS LZ1UA LZ1WKT LZ1XE LZ1XL LZ2INC LZ3HJ LZ3QY LZ5NL
LZ5WF
Забележка: Не всички имат апаратура на къси вълни и не всички работят на телеграфия.

7.2. Първите десет от категория B в миналогодишния турнир, които придобиват правото да участват в категория A, по реда на класирането са:
LZ3FM - Пламен
LZ2WE - Теодора
LZ2MR - Мирослав
LZ2WSG - Веселин
LZ2GG - Георги
LZ1KPP - Десислава
LZ1DM - Пламен
LZ1QZ - Кольо

LZ1FIA - Филип
LZ1KP - Константин

8. Отчети:
В срок от две седмици след състезанието, желателно във формат Cabrillo, изпратете отчетите на E-mail: lz1ia@yahoo.com
Тъй като се извършва електронна проверка, времето в отчетите да бъде в UTC.
За отчетите на хартия се изисква заглавна страница. Изпратете отчетите на адрес:

Честита Нова Година!

Бюлетин 1 на БФРЛ от 03.01.2012 можете да чуете в .MP3 формат от адрес http://www.lz1fw.com/LZRT/BFRA_buletins/index_2012.html

Кратко съдържание:

Да е честита новата 2012 Година!
Нека 2012 година да бъде по-здрава, по-успешна, по-добра и весела за всички

Таксите за членски внос към БФРЛ остават същите, каквито бяха и през 2011 година. Желателно е да се платят своевременно.

Добре дошли в сайта на LZ1KAA - http://www.lz1kaa.com/

Условия за някой по-важни КВ контести през тази събота и неделя:

08.01.2012 - DARC 10m Contest - http://www.darc.de/referate/dx/contest/10m/en/rules/

08.01.2012 - Midwinter QSO-party Contest - http://midwintercontest.veron.nl/contest_mw_eng.htm . Мейла за пращане на отчетите е без "99".

07-08.01.2012 - ARRL RTTY Roundup Contest - http://www.arrl.org/rtty-roundup

На 01.01.2012 почина големия приятел на българските радиолюбители YO3APG, Василе Чобаница, дългогодишен генерален директор на федерацията на румънските радиолюбители FRR - http://www.hamradio.ro/ . Отдал почти целия си живот за развитието и благополучието на радиолюбителите както в Румъния, така и по света. БФРЛ съжалява за загубата на YO3APG, Василе Чобаница, и изказва своите най искрени съболезнования на семейството и близките му. Поклон пред паметта му.

73, Сашо, LZ1FW

Здравейте,

Бюлетин номер 2 на БФРЛ от 10.01.2012 можете да чуете в .MP3 формат на Интернет адрес
http://www.lz1fw.com/LZRT/BFRA_buletins/index_2012.html

Кратко съдържание на бюлетина:

LZ Open Contets 3.5 и 7 MHz -
http://www.lzopen.com/lz-open-contest/rules/rulesF.htm

LZ80AL в ефир: LZ2AL, Михаил Константинеску, по случай 80 годишния си юбилей ще работи през 2012 година със специален инициал LZ80AL

Изпращайте членския си внос към БФРЛ своевременно. Таксите за 2012 година остават същите. Адреса на който може да се изпращат таксите е 1000 София, POBox 830, Владимир Радев Радев

Съобщението "не приемайте skype потребител emil_98 в контактите си, защото това е вирус повреждащ целия хардуер" е пресилен слух без реално покритие. Необходимо е потребителите на skype и Интернет да спазват стандартните мерки за сигурност, да не поддават на излишна паника и да не разпространяват непроверени слухове.

на 21.02.2012 КРС, съвместно с БФРЛ предвижда да проведа изпити за радиолюбители клас 1 и клас 2. Желаещите трябва да подадат необходимите документи: два броя заявления, една актуална снимка за документи и копие от документ за платена изпитна такса от 28 лева. Тези, които са се явявали на предишни изпити и не са ги издържали имат право да се явят на този и на всеки следващ изпит, без да чакат да изминат 6 месеца. 6 месеца следва да изчакат взелите клас 2 преди да се явят за клас 1. За повече информация освен в БФРЛ можете да се обадите и на експерта по радиолюбителските въпроси в КРС - Йорданка Велинова, телефон 02 9492188.

Информация за Условия за провеждане на присъствено КВ състезание "ПРАВЕЦ 2012"
(източник http://forum.bfra.org/viewtopic.php?f=6&t=554&start=150)

• Организатор :БФРЛ
• Място : РИУ "ПРАВЕЦ"
• Дата: 20/21/22 ЮЛИ 2012Г
• Настаняване: РИУ "ПРАВЕЦ"
• Предварителна заявка за участие: един месец преди състезанието, писмено, на адрес: lz1yq@mail.bg
• Участниците покриват сами разходите по пътни и настаняване /цената за настаняване в хотела е 50 лв. на човек с включени нощувка , закуска, обяд и вечеря, спа и фитнес център, състезателна такса/. За придружители на състезателите и на съдиите, цената за нощувка е 90 лв. при пълен пансион.
• Регистрация на състезателите и теглене на жребий за получаване на състезателен номер и плик се извършва до 08.00 часа на 21 юли 2012 година. Състезателния номер идентифицира участника в състезанието и неговото месторазположение а състезателния плик съдържа информация за специалния инициал с който ще участва състезателят. Право на участие имат всички радиолюбители имащи необходимата лицензия.
• Стартова такса в размер на 10 лева е включена в пакетната сума .Всички състезатели под 25години се освобождават от стартовата такса.
• Разставянето на състезателите се извършва до 1 час преди началото на състезанието.Всеки състезател е длъжен на собствен ход /пеш или с автомобил/ да заеме мястото си и да развърне апаратурата си.Местата са предварително маркирани с номерирани пилони и отразени на картата на местността/вкл.и GPS координати/
• Началото и края на състезанието се определя от организатора.Продължителността е 4 часа. Всеки състезател участва с собствен трансийвър с изходяща мощност до 100вата и захранване по негов избор/акумулатора на автомобила , агрегат или друг алтернативен източник/.Забранява се използването на интернет ,клъстер и скимър по време на състезанието. Абсорбционните намалители на мощност и антените се предоставят от фирма “АСОМ”ООД.

Рапорт: контролните номера се състоят от шест цифри, първите три са поредния номер на радиовръзката, а вторите три цифри са от приетия номер от радиовръзката от предходния кореспондент. При първа връзка се дава контролен номер 001000. Интервала за установяване на радиовръзка с една и съща станция е 30 минути /този интервал може да се променя по решение на съдийската комисия според броя на участниците/ като се допуска разлика във времената записани в двата отчета до три минути, условията са същите като на LZ шампионатите и LZ Open контеста. За състезателите, които пишат на хартиен носител, след състезанието ще бъдат осигурени компютри, за да си въведат отчетите в електронен вид.

NR Band Time Call Send Received Points
1 3.5 00:49 UA2FL 001 000 020 005 1
2 3.5 00:50 YO5DAS 002 020 014 036 1

9 3.5 00:54 SM6BSK 009 052 141 054 1

• Обхват и вид работа: Разрешава се работата само на 3.5МНю (3.510 MHz – 3.600 MHz / на телеграфия съгласно плана за честотните ленти на IARU 1 регион .
• Съдийската комисия осъществява контрол по време на състезанието и има право да дисквалифицира състезател за неспазване на правилата или чиято апаратура излъчва смущения/хармоници и др. подобни/.
• Категории: Един оператор без асистенции. Забранява се използването на интернет, клъстер и скимер. Организатора може да обяви и допълнителни категории според броя на участниците / ако има повече от двама участници от един град/членове на един радио клуб/ и се събират над пет двойки/отборно класиране.
• Отчети: оформят се във формат CABRILO ,на флаш памет или на CD и се предават на съдийската комисия до 1 час след състезанието.
• Резултатите и наградите се обявяват по време на вечерята след състезателния ден.
• Наградите се обявяват от организаторите и БФРЛ преди всяко присъствено състезание.

Почасов график на мероприятието

С чувство на дълбока тъга съобщаваме, че днес 16.01.2012г внезапно почина

Андрей Тотев - LZ1RB

Приятел и колега, дългогодишен радиолюбител и член на Контролния съвет на
БФРЛ, ще ни липсва на всички.

Прощаването с Андрей ще бъде на 17.01.2012 от 14 часа в гр. Казанлък.

1019. Buletin nr 4 na BFRA - 31.01.2012

Yahoo group: LZRT
Date: 2012-01-31 18:03:06 UTC
From: Sasho LZ1FW
Topic: 1019 Message: 1019

Здравейте,

Бюлетин на БФРЛ номер 4 от 31 януари 2012 година можете да чуете в .MP3 формат на Интернет адрес http://www.lz1fw.com/LZRT/BFRA_buletins/index_2012.html.
Бюлетина бе прочетен от LZ1ZQ и излъчен в ефир на честота 145625 kHz при временно неработещ репитър R1.

Кратко съдържание на бюлетина:

Поздравления:
- честит 79-ти рожден ден на Пенчо, LZ2AC, от град Шумен
- честит 55 годишен юбилей на радиоклуб LZ2KSB от град Балчик. Във връзка с годишнината на радиоклуб LZ2KSB до края на 2012 година клуба ще работи със специален инициал LZ55KSB. На всички от радиоклуба пожелаваме здраве и високи успехи.

КВ календар на БФРЛ на състезанията през 2012 година. Публикуван е от LZ1BJ във форума на БФРЛ - http://forum.bfra.org/viewtopic.php?f=3&t=1127

на 21.02.2012 КРС, съвместно с БФРЛ ще проведе изпити за радиолюбители клас 1 и клас 2. Желаещите трябва да подадат необходимите документи: два броя заявления, една актуална снимка за документи и копие от документ за платена изпитна такса от 28 лева в срок не по-късно от два дни преди датата на изпита. Тези, които са се явявали на предишни изпити и не са ги издържали имат право да се явят на този и на всеки следващ изпит, без да чакат да изминат 6 месеца. 6 месеца следва да изчакат взелите клас 2 преди да се явят за клас 1. За повече информация освен в БФРЛ можете да се обадите и на експерта по радиолюбителските въпроси в КРС - Йорданка Велинова, телефон 02 9492188. Здравейте,

бюлетин на БФРЛ номер 5 от 07.02.2012 можете да чуете в .MP3 формат от Интернет адрес http://www.lz1fw.com/LZRT/BFRA_buletins/index_2012.html

Кратко съдържание на бюлетина:

R1, репитър на БФРЛ, излъчващ на 145625 kHz няма да работи в близките няколко седмици.
БФРЛ уведомява всички, че репитъра на БФРЛ R1, разположен на Черни връх е свален и няма да работи в близките няколко седмици. Мястото му ще бъде изменено и репитъра ще бъде заменен с по-добра и по-модерна апаратура. Ще бъде направена и нова регистрация на репитъра от БФРЛ в КРС.

на 21.02.2012 КРС, съвместно с БФРЛ ще проведе в град Софиия изпити за радиолюбители клас 1 и клас 2. Желаещите трябва да подадат необходимите документи: два броя заявления, една актуална снимка за документи и копие от документ за платена изпитна такса от 28 лева в срок не по-късно от два дни преди датата на изпита. Тези, които са се явявали на предишни изпити и не са ги издържали имат право да се явят на този и на всеки следващ изпит, без да чакат да изминат 6 месеца. 6 месеца следва да изчакат взелите клас 2 преди да се явят за клас 1. За повече информация освен в БФРЛ можете да се обадите и на експерта по радиолюбителските въпроси в КРС - Йорданка Велинова, телефон 02 9492188.

http://www.lz1fw.com/LZRT/BFRA_buletins/index_2012.html

Кратко съдържание на бюлетина:

Обхвах 472 kHz - 479 kHz ще бъде разрешен за радиолюбители на вторична
основа от 01.01.2013 година съгласно решение на WRC на ITU. Освен това беше
взето решение следващата Конференция (2015 г.) да разгледа въпроса за
разрешаване на радиолюбителска дейност в обхвата 5250 - 5350 kHz.

БФРЛ има втори GSM номер 0877 983 582. Стария номер е също валиден - 0894 29
22 11. БФРЛ очаква обажданията и на двата номера.
